

THE UNIVERSITY OF TEXAS AT DALLAS

Office of Audit and Compliance

Compliance

In April 1998, the Board of Regents of The University of Texas System approved an *Action Plan to Ensure Institutional Compliance*. In accordance with the *Action Plan*, The University of Texas at Dallas has implemented the institutional compliance program. This program is intended to demonstrate the absolute commitment of the university to the highest standards of ethics and compliance with all applicable laws, policies, and regulations.

As part of the program, the *Standards of Conduct Guide* has been developed and distributed to all employees. This guide provides employees with basic information about various regulations with which they must comply.

All regular benefit-eligible employees (50% time or more for at least 4.5 months) are required to complete the General Compliance Training Program. The classes are given through a web-based program called *The Training Post* and are available through the UTD website.
