

The Staff Council is an advisory body through which eligible staff members can convey information and make recommendations to the President regarding interests and concerns of the staff of the University.

The Staff Council is constituted by the President under the discretion and authority invested in the President by the Board of Regents of The University of Texas System, with the goal of continually improving University operations and the well-being of UTD's employees.

The Staff Council is constituted to address matters of general concern to the UTD community and, in particular, to members of the UTD staff and is not intended to supplant existing procedures for addressing individual grievances.
