Career Center Library

The UTD Career Center Library is available in the Career Center ([McDermott 1.312](#)). The collection includes books, videos and periodicals on a variety of career-related topics, including the following:

- Choosing a major
- Career information
- Job search techniques
- Resume writing
- Letter writing
- Interviewing
- Employment opportunities
- Internships
- Study abroad
- Graduate and professional school programs
- Employer information

In addition to printed and video materials, there are also computers available for career search and career development activities. Programs such as SIGI+, Choices CT, Vault and the [UTD CareerWorks](#) electronic recruiting system are easily accessible from any of these computers.

All computers and reference materials are available during the Career Center's regular hours of operation. We encourage you to make use of them.

Did you know?

You can search the Career Center Library through the [McDermott Library website](#).
