Richard,

The Math/Science Teaching Building (Project No. 302-280) was authorized for \$24.3M in PUF funding and \$2.7M in RFS financing, a total of \$27M. It was approved by the Board of Regents at their August 2006 meeting.

We will have the go-ahead for the Student Services Building after a) the Governor signs SB 285, and b) the UT Board of Regents approves the new student services building fee at its August meeting.

Math/Science Teaching Building was before my time, but Hobson knows.

Actually, I'd heard we might have gotten approval to proceed with the Student Services building, and I'm trying to track down that and the Math/Science Teaching building.

Thanks,
r.

Richard,

See response below from Lisa Baird (UT System) regarding state funding for UTD buildings. If you have any questions or need additional information, please let us know.

Thanks.

Dave,

I believe the TRB-funded projects are as follows:

Inst.	Project	Project Number	Rev/ Tuit	Total Authorization
DAL	Callier Center	302-945	Tuition (1997)	1,900,000
DAL	Founders/Berkner Building	302-984	Tuition (1997)	3,100,000
DAL	Founders/Founders Annex/Berkner Renovation	302-120	Tuition (2001)	21,993,750
DAL	Vivarium & Experimental Space	302-261	Tuition (2006)	12,000,000

The first two have been fully-issued-for.

The third one has been partially issued for (\$11,993,750 has been issued).

The last one has not had any issuance yet.

There is also the NSERB (302-192), which is being funded by the state, but it is not technically TRBs. It has been fully-issued-for.

Inst.	Project	Project Number	Rev/ Tuit	Total Authorization
DAL	Natural Science and Eng Research Building	302-192	Revenue	85,000,000

Is this what you were looking for?
