Academic Programs

The University of Texas at Dallas offers over 100 academic programs across its seven schools. On this page you will find the academic programs offered by the university in its 2006-2008 Undergraduate Catalog and Graduate Catalog.

The semester of a student's official entry into a major determines which catalog requirements apply. Catalogs of previous years are available. Students are strongly encouraged to meet regularly with an academic advisor to establish and review their degree plan.

School Home Pages

The links below will take you to the home page for the school listed.

School of Arts and Humanities School of Behavioral and Brain Sciences School of Economic, Political and Policy Sciences Erik Jonsson School of Engineering and Computer Science School of General Studies School of Management School of Natural Sciences and Mathematics
