

Meeting Minutes
 Faculty Committee
 April 18, 2016, AD 3.104
 UT Dallas SACSCOC reaffirmation of accreditation

The Faculty Committee met for the first time on April 18. Prior to the meeting, several of the original appointees had declined their appointments, replacements had been recommended by the Academic Council, and some responses had been received. The uncertainty about membership was discussed with the committee and further recommendations were made, with backups.

The committee members also discussed the reaccreditation process in general. One important question concerned the amount of time this was expected to take, and what support would be available. Dr. Leaf repeated what Serenity King had said to the full Steering Committee. The members wanted to be able to speak to Serenity directly. They agreed to meet again May 2, same time and place, and to ask Serenity King to join them. Meanwhile they would look over the list of principles to assess where emphasis might be needed and lay out a general plan of work—who would want to deal with what.

As of Sunday, 24 April, the membership has been filled. Members with their positions are:

Members		
Dr. Murray J. Leaf, Chair	Vice Speaker of the Senate; Prof. Economic, Political and Policy Sciences	mjleaf@utdallas.edu
Dr. Nicole Leeper Piquero, Vice Chair	Provost's Office, Prof. Economic, Political and Policy Sciences	nxl112230@utdallas.edu
