UT System coordinates the purchase of insurance policies for component institutions. This includes policies that cover multiple components (such as the System-wide Auto Liability policy) and policies that apply to specific risks at individual components.

If you are concerned about a special risk due to a potential contractual arrangement or special circumstances within your department, please contact Jody Nelsen at ext. 2233 or via email at jnelson@utdallas.edu to discuss your concerns. Ms. Nelsen is a member of the UT System Risk Management Advisory Council. If insurance coverage appears to be the best way of managing the risk, Ms. Nelsen will work with UT System to acquire any needed insurance coverage.

Examples of Risk Management/Insurance Programs already in place are:

System-wide policies in which UTD participates

- Auto Liability
- Comprehensive Property Protection Program
 - Fire and All Other Perils Policy
 - Named Windstorm and Flood Policy
- Crime Insurance
- Directors and Officers Employment Practices Liability

Insurance policies in which UTD departments can choose to participate if needed

- Equipment Policy
 - Fine Arts Insurance
 - Special Event Insurance
 - Summer Camp Insurance (Athletic or Non-Athletic)
