

THE UNIVERSITY OF TEXAS AT DALLAS

# Student Counseling Center

## Interns

**Dallas Metropolitan Consortium in Psychology  
Pre- Doctoral Professional Psychology Internship**

### **Program Description**

The Dallas Metropolitan Consortium in Psychology (DMCP) Pre- doctoral Internship in Professional Psychology is an integrated training program established by Galaxy Counseling Center, Southern Methodist University Counseling and Testing Center and The University of Texas At Dallas Student Counseling Center. Congruent with the missions of the supporting Consortium agencies, the primary emphasis of the internship is on providing graduate students with rich and varied professional training experiences to assist them through this critical transition period in their growth and development into professional psychologists qualified with requisite knowledge and skills for the practice of psychology in an employment setting.
