

THE UNIVERSITY OF TEXAS AT DALLAS

Student Government

Committees

Committees are the work-horses of Student Government. They take on projects, investigate and listen to students' concerns, and draft bills and resolutions to be presented and voted by the senate.

All Senators are typically assigned to one or two committees, where they work with the chair and other members on the issues or projects at hand.

Students concerns can be addressed more effectively if they contact the committee chair to which their issue pertains. As such, information about the several committees is presented here.

Ad hoc committees

Sometimes Student Government forms Ad hoc committee, designed to solve or investigate a specific and often urgent issue.

Examples of such committees are the Waterview Internet Inquiry Committee and the Standards Committee.
