

## Disability Services

The University of Texas at Dallas is proud to be an educational institution that welcomes and supports a diverse student body. By removing some of the barriers to education that students with disabilities often encounter, UTD hopes to foster a learning environment that encourages as well as challenges all students. UTD is committed to providing equal access for qualified students with disabilities to all University programs. By law, all students with disabilities are guaranteed a learning environment that provides accommodation of their disability.
