Requirements:

EHS is responsible for training of the UTD research community and adherence to safety guidelines and best practices

Responsible Person/Title:

Ms. Kathy White, Laboratory Safety Manager

Mr. Esequiel Barrera, Environmental Health and Safety Director

Services

- 1) Hazard communication program
- 2) Chemical Emergency Response Training
- 3) Ergonomics program
- 4) Hearing conservation program
- 5) Respiratory protection program
- 6) DOT/IATA shipping of hazardous materials training program
- 7) Asbestos oversight program
- 8) Indoor air quality program
- 9) Chemical fume hood face velocity testing
- 10) Controlled substances program
- 11) Controlled items
- 12) Eyewash/deluge shower program
- 13) CPR/AED training program
- 14) Chemical waste pick-up
- 15) Laboratory chemical exhaust design review
- 16) Compressed gas cylinder safety training
