Welcome from the Director

Welcome to the Multicultural Center (MC) at The University of Texas at Dallas. We extend an invitation to you to participate in the various events that we sponsor. The MC provides a wide range of support services, programs and activities aimed at the development of both undergraduate and graduate students.

Our office has a lounge area with comfortable couches, a television, a computer work area , where you can check e-mail, search the internet or work on school projects, and a meeting room available for organizational or group meetings.

The MC is proud to sponsor several cultural programs and events, such as Hispanic Heritage Month, Black History Month and Asian Heritage programs. We are also home to the Multicultural Peer Advocates (MPAs), a group of students available to assist you while you are here at UTD.

Once again we welcome you to the MC. Feel free to contact us via phone, e-mail or just stop by our office and look around.

Arthur Gregg
Director, Multicultural Center
