UTD Summer 2007 Chess Camp

Chess develops your child's reading and math ability, critical and analytical thinking, as well as building character and self-esteem.

Classes will be small, divided by age and ability, and have a low student-to-teacher ratio. UTD Instructors are top-ranked and internationally known winners of multiple Pan-American Intercollegiate Team Chess Championships.

Beginning players will master the basic rules and fundamentals; Intermediate players will build upon basic chess knowledge with key strategies and ideas; and Advanced players will sharpen their competitive edge with advanced strategies, preparing for tournament play. The Absolute Beginners Class (ABC) is for beginning adults with little or no chess knowledge. Adults will also learn how to organize scholastic chess clubs and participate in tournaments.

Camp tuition includes a camp t-shirt, a chess board and pieces, medal, certificate, score book, and group photo for each camper.
