### Firefox Browser

The SACS website and tools have been optimized for the Firefox 2 web browser

### Firefox 2 Plugins

If you are using Mozilla Firefox 2, then you can access some of the SACS tools directly from the search bar.

It's quick and easy to install a plugin – just click on one of these links:

- > [doxSearch plugin](#)
- > [UTD search plugin](#)
- > [Namebook plugin](#) (soon)

### Your Browser

Your browser appears to be:

- > Browser: **Firefox**
- > Version: **2.0.0.4**
- > Platform: **Windows**

## Assessment Tool 6

The latest upgrade to Assessment Tool (AT6) is available for faculty and staff to use in assessing core courses, academic and instructional programs, and operations and support services programs. With a new look and feel, AT6 provides the user a simplified and more logical display. Users can see all the related fields on a single screen view, making the task of creating or editing text much simpler. Also, AT6 combines all of the current cyclical assessment processes in one place; thus a user need only sign in once to work in a variety of projects – and the user's regular network id and password eliminate the need for yet another username and password to remember. User input is extremely helpful as we continue to modify AT6 to enhance the user experience and to improve the usability of the information collected. Suggestions for improvement can be sent to [SACS-Team@utdallas.edu](mailto:SACS-Team@utdallas.edu).

UTD NetID Login required.

### Welcome to UTD's online core course assessment tool

We are pleased to introduce a new web tool to make the assessment process more efficient and easy to follow.

By engaging in the assessment process for UTD core curriculum courses, you are fulfilling a critical part of our mission by providing students with a high quality education. Continuously improving our core curriculum courses with regular assessment strengthens the foundation of undergraduate education on our campus.

#### Quick start:

1. Click on the [my reports](#) to view a personalized list of your assessment reports.
2. Click on an individual assessment report (on the [my reports](#) tab) to begin working with it.
3. Click on a  icon to enter or edit assessment information – the row next to the icon will expand into an editable form where you can edit text. Don't forget to save your work with the **save changes** button.
4. Click on a  icon to get help and examples for a particular form field.

#### More help:

1. For information on assessment, consult UTD's [Assessment Workbook](#).
2. Consult the [FAQ](#) for help, hints, and tips.
3. If you need help with this tool or any part of the assessment process, please contact JoyLynn Reed, Director of the Center for Excellence in Learning and Teaching, at 972-883-6562 or [core@utdallas.edu](mailto:core@utdallas.edu).

Thank you again for helping us bring high quality teaching and learning to UTD.

### FAQ

#### Assessment Process

1. [What is the process of developing an assessment report?](#)
2. [What are the steps in the planning phase?](#)
3. [What are the parts of the planning form? How do I fill them out?](#)
4. [What are the steps in the results & analysis phase?](#)
5. [What are the parts of the results and analysis forms? How do I fill them out?](#)

#### The Assessment Tool

1. [How do I edit form rows/fields?](#)
2. [How do I print a report?](#)

#### Core Courses
