

THE UNIVERSITY OF TEXAS AT DALLAS

Campus Enhancement Committee

The University of Texas at Dallas has initiated a major effort to enhance the appearance and functionality of its campus. The project has been inspired by a lead gift, designated for this purpose, from long-time UTD supporter Mrs. Eugene McDermott.

University officials selected the internationally acclaimed landscape architectural firm [Peter Walker and Partners](#) (PWP). Most recently lauded for their designs for the World Trade Center Memorial in New York City, the firm will be responsible for the entire improvement process at UTD, from initial planning to implementation of detailed designs.
