## Institutional Compacts

In 2003, The University of Texas System instituted the development of compacts for each UT institution. The compacts are written agreements between the Chancellor of The University of Texas System and the presidents of each of the System's academic and health institutions that summarize the institution's major goals and priorities, strategic directions, and specific tactics to achieve its goals.

These compacts reflect the unique goals and character of each institution, highlighting action plans, progress and outcomes. Faculty, staff, and students helped to create these compacts, so that a shared plan and vision resulted. The System administration's commitment of resources and time to support each institution's initiatives is included in every compact.

Compacts are updated annually in August.

For more information, contact Dr. Geri H. Malandra, vice chancellor for strategic management, [gmalandra@utsystem.edu](mailto:gmalandra@utsystem.edu), 512-499-4798.
