Course and Instructor Policies:

Students are allowed *four absences*. I will deduct five percentage points from your final grade for each subsequent absence. No “extra credit” work for five or more absences will be accepted.

Assignments are due at the beginning of the next class, or by the given due date. You will receive no grade or a lowered grade for late assignments. I will not grade missed quizzes, except for excused absences (school-sponsored activities.) Illness is **not** an excused absence, so allow for sick days!

If you have a conflict on Midterm and Final Exam days, you must let me know in advance so I can schedule a make-up date for you. Students who miss any part of the Midterm or Final Exam without a pre-determined make-up date will receive “zero percent” on all missed exam sections.

Students who work on materials or assignments from other classes or activities during theory class will be marked absent.
