

Course ED 4343 601 Science Methods Grades EC-4
Professor Barbara Curry, MAT
Term Fall 2006
Meetings

Professor's Contact Information

Office Phone 972-883-4008
Other Phone
Office Location Founders North 3.308B
Email Address barbc@utdallas.edu
Office Hours Monday 2:00-5:00
Tuesday 2:00-5:00
Thursday 2:00-4:00
Other times by appointment only.
Other Information Students will mentor an undergraduate pre-service student

General Course Information

Pre-requisites, Co-requisites, & other restrictions Graduate student standing; Current classroom teacher

Course Description

Science content and science methodologies, including all levels of inquiry based instruction, appropriate for the Elementary classroom, based on the Science TEKS and the National Science Standards. Hands-on activities are integrated into the coursework. The students will apply instructional strategies learned from this course to in their classrooms when working with their pre-service teacher mentees. Research into mentoring and pre-service teachers will be completed at well as the development of a mentoring program for their respective schools.

Learning Outcomes

*Students will demonstrate mentoring skills as documented in an interactive journal with mentees.
*Students will develop a mentoring program for their respective schools, based on research in mentoring for pre-service and first year teachers.
*Students will demonstrate teaching performances that highlight the interplay of pedagogical content knowledge as determined by points accrued on a grading rubric of 80% or better during classroom observations.

Required Texts & Materials

Texas Essential Knowledge and Skills, Science, K-5, Region IV
Education Service Center

Suggested Texts, Readings, & Materials

Sciencesaurus: A Student Handbook, GreatSource Education Group
Science Notebooks; Writing About Inquiry, Campbell and Fulton
Science Is....., Susan Bosak
Elementary Science Methods: A constructivist approach, Martin

Assignments & Academic Calendar

[Topics, Reading Assignments, Due Dates]

- August 17** Introduction, Meeting with Mentees, What is Science?
- Week of August 21** Technology in the Classroom/Power Point, Science Content
Assign: Read assigned articles
- Science Process Skills
Intro to 5E lesson Model
- Week of September 5** First Mentee visit to Classroom
Discussion of assigned articles
Read: Handout on 5E Lesson Model
- Week of September 11** What is Inquiry?
Developing Investigatable questions.
Assign: Read assigned articles
- Week of September 18** Questioning Strategies/Bloom and others
Discussion of assigned articles
- Week of September 25** TEKS and Vertical Teaming
Assign: Read assigned article
- Week of October 2** Interdisciplinary Aspects of Science
Discussion of assigned article
- Week of October 9** Assessment
- Week of October 16** Review of Mentee Performance
Due: School Mentoring Plan
- Week of October 23** Learner Differences/Lesson Adaptations: how do you
- Week of October 30** Misconceptions: dealing with adult science misconceptions
- Week of November 6** CAST conference
Due: First draft of Mentoring paper
- Week of November 13** Final week with mentees
Due: Assessment of Mentee performance and the program
- Week of November 23** Thanksgiving week
- Week of November 30** **Due:** Final paper

Course Policies

Grading (credit) Criteria	<p>Weekly Quiz 50 points A quiz will be administered weekly. It will cover work from the previous week.</p>
	<p>Science in the News 50 points There are important science events in the news everyday. This will be a "group" effort in partnership with your mentee.</p>
	<p>Journaling/Science Notebooking 50 points Journaling is an important component of the science education process. You will be given a question weekly as a reflection of the weeks discussion.</p>
	<p>Interactive Journal with Mentee 50 points During your weekly visits in the classroom you will write your impressions and observations in a notebook. This will be given to your mentor teacher for evaluation and returned to you at the following classtime.</p>
	<p>School Mentoring Plan 100 points Development of a mentoring plan to use with new teachers at your school. Should include details on expectations of both mentors and mentees</p>
	<p>Mentoring Research Paper 200 points This minimum 10 page paper (not including citations) will look at research done on mentoring. This is not an opinion paper. One must use hard data from the literature.</p>
	<p>Total Points for Semester 500 Points</p>
Make-up Exams	N/A
Extra Credit	None
Late Work	Late work will be accepted with a 10% deduction in the grade for each day an assignment is late. This begins at the time the class ends on the assignment due date.
Special Assignments	Students will be expected to work a minimum of one hour per week with a pre-service student in their own classroom
Class Attendance	N/A
Classroom Citizenship	Students are expected to present themselves as professionals and work in a cooperative learning environment.
Field Trip Policies	N/A
Student Conduct and Discipline	<p>The University of Texas System and The University of Texas at Dallas have rules and regulations for the orderly and efficient conduct of their business. It is the responsibility of each student and each student organization to be knowledgeable about the rules and regulations which govern student conduct and activities. General information on student conduct and discipline is contained in the UTD publication, <i>A to Z Guide</i>, which is provided to all registered students each academic year.</p> <p>The University of Texas at Dallas administers student discipline within the procedures of recognized and established due process. Procedures are defined and described in the <i>Rules and Regulations, Board of Regents, The University of Texas System, Part 1, Chapter VI, Section 3</i>, and in Title V, Rules on Student Services and Activities of the university's <i>Handbook of Operating Procedures</i>. Copies of these rules and regulations are available to students in the Office of the Dean of Students, where staff members are available to assist students in interpreting the rules and</p>

	<p>regulations (SU 1.602, 972/883-6391).</p> <p>A student at the university neither loses the rights nor escapes the responsibilities of citizenship. He or she is expected to obey federal, state, and local laws as well as the Regents' Rules, university regulations, and administrative rules. Students are subject to discipline for violating the standards of conduct whether such conduct takes place on or off campus, or whether civil or criminal penalties are also imposed for such conduct.</p>
Academic Integrity	<p>The faculty expects from its students a high level of responsibility and academic honesty. Because the value of an academic degree depends upon the absolute integrity of the work done by the student for that degree, it is imperative that a student demonstrate a high standard of individual honor in his or her scholastic work.</p> <p>Scholastic dishonesty includes, but is not limited to, statements, acts or omissions related to applications for enrollment or the award of a degree, and/or the submission as one's own work or material that is not one's own. As a general rule, scholastic dishonesty involves one of the following acts: cheating, plagiarism, collusion and/or falsifying academic records. Students suspected of academic dishonesty are subject to disciplinary proceedings.</p> <p>Plagiarism, especially from the web, from portions of papers for other classes, and from any other source is unacceptable and will be dealt with under the university's policy on plagiarism (see general catalog for details). This course will use the resources of turnitin.com, which searches the web for possible plagiarism and is over 90% effective.</p>
Email Use	<p>The University of Texas at Dallas recognizes the value and efficiency of communication between faculty/staff and students through electronic mail. At the same time, email raises some issues concerning security and the identity of each individual in an email exchange. The university encourages all official student email correspondence be sent only to a student's U.T. Dallas email address and that faculty and staff consider email from students official only if it originates from a UTD student account. This allows the university to maintain a high degree of confidence in the identity of all individual corresponding and the security of the transmitted information. UTD furnishes each student with a free email account that is to be used in all communication with university personnel. The Department of Information Resources at U.T. Dallas provides a method for students to have their U.T. Dallas mail forwarded to other accounts.</p>
Withdrawal from Class	<p>The administration of this institution has set deadlines for withdrawal of any college-level courses. These dates and times are published in that semester's course catalog. Administration procedures must be followed. It is the student's responsibility to handle withdrawal requirements from any class. In other words, I cannot drop or withdraw any student. You must do the proper paperwork to ensure that you will not receive a final grade of "F" in a course if you choose not to attend the class once you are enrolled.</p>
Student Grievance Procedures	<p>Procedures for student grievances are found in Title V, Rules on Student Services and Activities, of the university's <i>Handbook of Operating Procedures</i>.</p> <p>In attempting to resolve any student grievance regarding grades, evaluations, or other fulfillments of academic responsibility, it is the obligation of the student first to make a serious effort to resolve the matter with the instructor, supervisor, administrator, or committee with whom the grievance originates (hereafter called "the respondent"). Individual faculty members retain primary responsibility for assigning grades and evaluations. If the matter cannot be resolved at that level, the grievance must be submitted in writing to the respondent with a copy of the respondent's School Dean. If the matter is not resolved by the written response provided by the respondent, the student may submit a written appeal to the School Dean. If the grievance is not</p>

	<p>resolved by the School Dean's decision, the student may make a written appeal to the Dean of Graduate or Undergraduate Education, and the dean will appoint and convene an Academic Appeals Panel. The decision of the Academic Appeals Panel is final. The results of the academic appeals process will be distributed to all involved parties.</p> <p>Copies of these rules and regulations are available to students in the Office of the Dean of Students, where staff members are available to assist students in interpreting the rules and regulations.</p>
<p>Incomplete Grades</p>	<p>As per university policy, incomplete grades will be granted only for work unavoidably missed at the semester's end and only if 70% of the course work has been completed. An incomplete grade must be resolved within eight (8) weeks from the first day of the subsequent long semester. If the required work to complete the course and to remove the incomplete grade is not submitted by the specified deadline, the incomplete grade is changed automatically to a grade of F.</p>
<p>Disability Services</p>	<p>The goal of Disability Services is to provide students with disabilities educational opportunities equal to those of their non-disabled peers. Disability Services is located in room 1.610 in the Student Union. Office hours are Monday and Thursday, 8:30 a.m. to 6:30 p.m.; Tuesday and Wednesday, 8:30 a.m. to 7:30 p.m.; and Friday, 8:30 a.m. to 5:30 p.m.</p> <p>The contact information for the Office of Disability Services is: The University of Texas at Dallas, SU 22 PO Box 830688 Richardson, Texas 75083-0688 (972) 883-2098 (voice or TTY)</p> <p>Essentially, the law requires that colleges and universities make those reasonable adjustments necessary to eliminate discrimination on the basis of disability. For example, it may be necessary to remove classroom prohibitions against tape recorders or animals (in the case of dog guides) for students who are blind. Occasionally an assignment requirement may be substituted (for example, a research paper versus an oral presentation for a student who is hearing impaired). Classes enrolled students with mobility impairments may have to be rescheduled in accessible facilities. The college or university may need to provide special services such as registration, note-taking, or mobility assistance.</p> <p>It is the student's responsibility to notify his or her professors of the need for such an accommodation. Disability Services provides students with letters to present to faculty members to verify that the student has a disability and needs accommodations. Individuals requiring special accommodation should contact the professor after class or during office hours.</p>
<p>Religious Holy Days</p>	<p>The University of Texas at Dallas will excuse a student from class or other required activities for the travel to and observance of a religious holy day for a religion whose places of worship are exempt from property tax under Section 11.20, Tax Code, Texas Code Annotated.</p> <p>The student is encouraged to notify the instructor or activity sponsor as soon as possible regarding the absence, preferably in advance of the assignment. The student, so excused, will be allowed to take the exam or complete the assignment within a reasonable time after the absence: a period equal to the length of the absence, up to a maximum of one week. A student who notifies the instructor and completes any missed exam or assignment may not be penalized for the absence. A student who fails to complete the exam or assignment within the prescribed period may receive a failing grade for that exam or assignment.</p>

	<p>If a student or an instructor disagrees about the nature of the absence [i.e., for the purpose of observing a religious holy day] or if there is similar disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the chief executive officer of the institution, or his or her designee. The chief executive officer or designee must take into account the legislative intent of TEC 51.911(b), and the student and instructor will abide by the decision of the chief executive officer or designee.</p>
<p>Off-Campus Instruction and Course Activities</p>	<p>Off-campus, out-of-state, and foreign instruction and activities are subject to state law and University policies and procedures regarding travel and risk-related activities. Information regarding these rules and regulations may be found at http://www.utdallas.edu/BusinessAffairs/Travel_Risk_Activities.htm. Additional information is available from the office of the school dean.</p>

These descriptions and timelines are subject to change at the discretion of the Professor.
