Applying for Financial Aid

Students applying for financial aid need to meet the deadlines found on the following pages:

2006-2007 Deadlines

2007-2008 Deadlines

Students in Executive Education Programs, Executive MBA, GLEMBA, Project Management, and other similar Executive Education Programs, should look at financing their educational program through the alternative loan programs. For further information, please select Financing for Executive Programs.

Regular undergraduate and graduate students wanting to apply for federal, state, and some institutional funds must complete either a Free Application for Federal Student Aid (FAFSA) or a Renewal FAFSA. This application can be completed at the *FAFSA on the Web* site. The information on the FAFSA is used to establish financial aid eligibility for the various financial aid programs offered at UTD. There is no separate institutional financial aid application to complete.

You will need UTD's **Federal Title IV Code, 009741**, for us to receive your application data. **You must re-apply for financial aid each academic year by completing a FAFSA or Renewal FAFSA.** The FAFSA can be completed entirely on line by obtaining a PIN from the Department of Education. Students must meet certain eligibility criteria to apply for financial aid.

If you already have a PIN, you can complete the FAFSA at FAFSA on the Web. **FAFSA** *on the Web*

If this is the first time you are applying for financial aid and need a PIN or if you have a PIN but do not remember it, you can request one on line at www.pin.ed.gov/PINWebApp/pinindex.jsp. Remember that you must re-apply for financial aid each academic year by completing a FAFSA or Renewal FAFSA as soon as possible after receiving your W-2 statements in January.

The financial aid packet students receive is based on estimated budgets for the year. Estimated costs for full-time students can be found on our Estimated Cost of Attending page.
