

Update Participant Lists from Turnitin Desktop

Turning Point can add a participant list with your online account or within the program. To add a participant list with Turnitin Desktop, do the following:

Launch the Turning Point Application. Click on the MANAGE tab > click COURSE > click NEW.

The screenshot shows the TurningPoint Dashboard with the MANAGE tab selected. On the left, a sidebar lists courses, with 'bbtraining17 - Updating a Continuing Course' highlighted. The main area displays the 'Course Overview' for this course, showing 12 participants and 0 sessions. Below this, a table lists participants with columns for Last Name, First Name, Subscription, Account Linked, Expiration, Device ID(s), User ID, and LMS Username. A red banner above the table states: 'Participants highlighted in red do not have a valid subscription. Participants must obtain a valid subscription to receive scores.' The table rows are highlighted in red, indicating they lack valid subscriptions.

Last Name	First Name	Subscription	Account Linked	Expiration	Device ID(s)	User ID	LMS Username

training_Previe...	bb	✗	✗				BBTRAINING17_...
Vinay	Roopa	✗	✗				RXC115430
Vinay_PreviewU...	Roopa	✗	✗				ADMINRXC1154...

From the popup window, select a new course and then Sync.

The screenshot shows the 'TurningPoint' application window with a 'Select course to sync' dialog box open. A red circle with the number '7' points to the search bar. A list of courses is displayed, with 'bbtraining05 - Updating a Continuing Course [bbtraini...' selected. A red circle with the number '8' points to the 'Sync' button at the bottom of the dialog.

Your class roster is now integrated within your Turning Point Program.

After you select a class, you can use the manage screen to identify which students need to redeem a Turning License in their Turning Account.

Students need a subscription to receive polling points and an Active Account link to participate in polling. If they are listed as INACTIVE, it means they need to redeem a Turning License.

You can also check the device status to see if the student is just using the app or an actual clicker.

A screenshot of the TurningPoint Dashboard. The top navigation bar includes 'POLLING', 'CONTENT', and 'MANAGE'. The 'MANAGE' tab is active. Below the navigation bar, there are dropdown menus for 'Course' and 'Session', and a refresh icon. The main content area is titled 'Course Overview' and displays details for 'bbtraining17 - Updating a Continuing Course [bbtraining17]'. It shows 'Participants: 12', 'Sessions: 0', and 'Last updated: 6/13/2022 1:47:56 PM'. There are buttons for 'Upload Grades', 'Update', 'Edit Roster', and 'Results Manager'. A red banner states: 'Participants highlighted in red do not have a valid subscription. Participants must obtain a valid subscription to receive scores.' Below this is a table with the following data:
