The student’s paper will open inside the Turnitin Feedback Studio.
Reviewing and Adding Comments

Use the toolbar at the right-hand side of the page to review content and add feedback. Below is a breakdown of the various features available within the toolbar.

1. **QuickMarks**
   - Use custom or pre-defined drag-and-drop comment libraries.

2. **Feedback Summary**
   - Reach your students with voice and text comments.

3. **Rubric**
   - Use the default rubric or your own previously uploaded rubric.

4. **Match Overview**
   - A list of matching sources display in descending order.

5. **All Sources**
   - Sort by highest to lowest match. Click on any source to reveal the number of times a particular source matches.

6. **Submission Details**
   - View submission information.
Turnitin will assist in reviewing the paper by highlighting chunks of text in the paper and indicating potential sources that match the text.

Click anywhere on the paper to add comments using Inline Comments. Or select text to strike through or highlight it. To delete comments or highlighted text, select the comment icon, and then select the trash icon.
Entering a Grade

To enter the grade, click on the grading space at the top of the page.

The Turnitin grade now appears in the Turnitin Dashboard.

The grade is also automatically synced with the eLearning grade center.
