First time users will be prompted to do a quick set-up to have this required software installed if they don’t already have it. A link to this set-up will be sent to users with the meeting access information. For this and other useful information, go to the Elluminate Support site, http://www.elluminate.com/support/, and go through the First Time Users section.

How to Schedule a Student Group Meeting

To schedule a group meeting for an online class, please send a request one week in advance to gmbasupport@utdallas.edu. Please include course name, meeting date, time, duration and number of participants. The requester will be the group meeting moderator.
