

	<b>Course</b>	CS 1337.504 SE 1337 504 TE 1337 504
	<b>Professor</b>	Dr. Mohamed Amine Belkoura
	<b>Term</b>	Fall 2020
	<b>Meetings</b>	Monday - Wednesday 7:00pm-8:15pm online (Microsoft Teams) Class time: 7pm to 8:15pm US Central Standard Time  <a href="#">Join Microsoft Teams Meeting</a>  +1 737-220-2208 United States, Austin (Toll)  Conference ID: 450 299 112#  <a href="#">Meeting options</a>   <a href="#">Learn more about Teams</a>   <a href="#">Reset PIN</a>   <a href="#">Local numbers</a>

### Professor's Contact Information

<b>Office Location</b>	No office
<b>Email Address</b>	<a href="mailto:mxbl35330@utdallas.edu">mxbl35330@utdallas.edu</a> , Subject: [CS1337-504] + subject
<b>Office Hours</b>	Monday - Wednesday 6pm – 7pm (via email and/or by appointment)

### General Course Information

<b>Pre-requisites</b>	CS 1336.
<b>Course Description</b>	<b>CS 1337 – Computer Science I</b> (3 semester credit hours) Review of control structures and data types with emphasis on structured data types. Applies the object-oriented programming paradigm, focusing on the definition and use of classes along with the fundamentals of object-oriented design. Includes basic analysis of algorithms, searching and sorting techniques, and an introduction to software engineering. Prerequisite: CS 1336 with a grade of C or better or equivalent. (Same as CE 1337 and TE 1337) (3-0) S
<b>Learning Outcomes</b>	After successful completion of this course, the student should be able to: <ol style="list-style-type: none"> <li>1. Ability to use single and multi-dimension arrays.</li> <li>2. Ability to Implement linear and binary search.</li> <li>3. Ability to implement simple sorting algorithms.</li> <li>4. Ability to implement pointers and perform simple memory management</li> <li>5. Ability to implement structured data types.</li> <li>6. Ability to define and implement a class.</li> <li>7. Ability to use fundamentals of object-oriented design.</li> </ol>
<b>Required Text</b>	Starting Out with C++, From Control Structures through Objects (8th edition); Gaddis, Tony; Addison-Wesley Publishing ISBN 0-13-376939-9

## Important Dates\*

<b>08/17 Monday</b>	First Day of Class
<b>09/01 Tuesday</b>	Census Day, last day to drop without a "W"
<b>10/07 Wednesday *</b> <b>11/25 Wednesday*</b>	Exam 1 and 2
<b>11/26 - 12/01</b>	NO CLASSES (Thanksgiving Break)
<b>11/25 Wednesday</b>	Last Day of class (Exam day, no lecture)

\* Note: The dates here are tentatively assigned and are subject to change as needed.

## Course Policies

Grading Criteria	Programing Assignments	45%	A+ = 97 & above
	Homework/Quiz	20%	A = 93-96
	Participation/Attendance	5%	A- = 90-92
	2 Tests (15 + 15)	30%	B+ = 87-89
			B = 83-86
			B- = 80-82
			C+ = 77-79
			C = 73-76
			C- = 70-72
			F = below 70
Make-up Exams	Not allowed		
Exams/Quizzes	Honorlock will proctor your exams/quizzes this semester. Honorlock is an online proctoring service that allows you to take your exam from the comfort of your home. You DO NOT need to create an account, download software or schedule an appointment in advance. Honorlock is available 24/7, and all that is needed is a computer, a working webcam/microphone, your ID, and a stable internet connection.		
	“Honorlock Practice Test”, due the first week of class, will allow you to set all the necessary software required.		
	When you are ready to complete your assessment, log into Elearning, go to your course, and click on your exam. Clicking "Launch Proctoring" will begin the Honorlock authentication process, where you will take a picture of yourself, show your ID, and complete a scan of your room. Honorlock will be recording your exam session through your webcam, microphone, and recording your screen. Honorlock also has an integrity algorithm that can detect search-engine use, so please do not attempt to search for answers, even if it's on a secondary device.		
Late Work	Honorlock support is available 24/7/365. If you encounter any issues, you may contact them through live chat on the <a href="#">support page</a> or within the exam itself. Some guides you should review are <a href="#">Honorlock MSRs</a> , <a href="#">Student FAQ</a> , <a href="#">Honorlock Knowledge Base</a> , and <a href="#">How to Use Honorlock</a> .		
	2 points off for every hour late; submission closes 2 days after deadline;		

<b>Class Attendance</b>	<p>Class modality is “Remote/Virtual”, but attendance of online meeting during designated class time is obligatory.</p> <p>The Computer Science Department has implemented the following attendance policy beginning Fall 2016. <b>If a student misses three consecutive classes, the student will receive a letter grade reduction to his or her final grade. This deduction is cumulative, so if a student misses three consecutive classes twice, the final grade will be reduced by two letter grades. If a student misses four consecutive classes, the student will automatically receive an F for his or her final grade.</b></p>
<b>Extra Credit</b>	<b>None</b>
<b>Student Conduct and Discipline</b>	<p>The University of Texas System and The University of Texas at Dallas have rules and regulations for the orderly and efficient conduct of their business. It is the responsibility of each student and each student organization to be knowledgeable about the rules and regulations which govern student conduct and activities. General information on student conduct and discipline is contained in the UTD publication, <i>A to Z Guide</i>, which is provided to all registered students each academic year.</p> <p>The University of Texas at Dallas administers student discipline within the procedures of recognized and established due process. Procedures are defined and described in the <i>Rules and Regulations, Board of Regents, The University of Texas System, Part I, Chapter VI, Section 3</i>, and in Title V, Rules on Student Services and Activities of the university’s <i>Handbook of Operating Procedures</i>. Copies of these rules and regulations are available to students in the Office of the Dean of Students, where staff members are available to assist students in interpreting the rules and regulations (SU 1.602, 972/883-6391).</p> <p>A student at the university neither loses the rights nor escapes the responsibilities of citizenship. He or she is expected to obey federal, state, and local laws as well as the Regents’ Rules, university regulations, and administrative rules. Students are subject to discipline for violating the standards of conduct whether such conduct takes place on or off campus, or whether civil or criminal penalties are also imposed for such conduct.</p>
<b>Academic Integrity</b>	<p>The faculty expects from its students a high level of responsibility and academic honesty. Because the value of an academic degree depends upon the absolute integrity of the work done by the student for that degree, it is imperative that a student demonstrate a high standard of individual honor in his or her scholastic work.</p> <p>Scholastic dishonesty includes, but is not limited to, statements, acts or omissions related to applications for enrollment or the award of a degree, and/or the submission as one’s own work or material that is not one’s own. As a general rule, scholastic dishonesty involves one of the following acts: cheating, plagiarism, collusion and/or falsifying academic records. Students suspected of academic dishonesty are subject to disciplinary proceedings.</p> <p>Plagiarism, especially from the web, from portions of papers for other classes, and from any other source is unacceptable and will be dealt with under the university’s policy on plagiarism (see general catalog for details). This course will use the resources of turnitin.com, which searches the web for possible plagiarism and is over 90% effective.</p>
<b>Email Use</b>	<p>The University of Texas at Dallas recognizes the value and efficiency of communication between faculty/staff and students through electronic mail. At the same time, email raises some issues concerning security and the identity of each individual in an email exchange. The university encourages all official student email correspondence be sent only to a student’s U.T. Dallas email address and that faculty and staff consider email from students official only if it originates from a UTD student account. This allows the university to maintain a high degree of confidence in the identity of all individual corresponding and the security of the transmitted information. UTD furnishes each student with a free email account that is to be used in all</p>

	communication with university personnel. The Department of Information Resources at U.T. Dallas provides a method for students to have their U.T. Dallas mail forwarded to other accounts.
<b>Withdrawal from Class</b>	The administration of this institution has set deadlines for withdrawal of any college-level courses. These dates and times are published in that semester's course catalog. Administration procedures must be followed. It is the student's responsibility to handle withdrawal requirements from any class. In other words, I cannot drop or withdraw any student. You must do the proper paperwork to ensure that you will not receive a final grade of "F" in a course if you choose not to attend the class once you are enrolled.
<b>Student Grievance Procedures</b>	<p>Procedures for student grievances are found in Title V, Rules on Student Services and Activities, of the university's <i>Handbook of Operating Procedures</i>.</p> <p>In attempting to resolve any student grievance regarding grades, evaluations, or other fulfillments of academic responsibility, it is the obligation of the student first to make a serious effort to resolve the matter with the instructor, supervisor, administrator, or committee with whom the grievance originates (hereafter called "the respondent"). Individual faculty members retain primary responsibility for assigning grades and evaluations. If the matter cannot be resolved at that level, the grievance must be submitted in writing to the respondent with a copy of the respondent's School Dean. If the matter is not resolved by the written response provided by the respondent, the student may submit a written appeal to the School Dean. If the grievance is not resolved by the School Dean's decision, the student may make a written appeal to the Dean of Graduate or Undergraduate Education, and the dean will appoint and convene an Academic Appeals Panel. The decision of the Academic Appeals Panel is final. The results of the academic appeals process will be distributed to all involved parties.</p> <p>Copies of these rules and regulations are available to students in the Office of the Dean of Students, where staff members are available to assist students in interpreting the rules and regulations.</p>
<b>Incomplete Grades</b>	As per university policy, incomplete grades will be granted only for work unavoidably missed at the semester's end and only if 70% of the course work has been completed. An incomplete grade must be resolved within eight (8) weeks from the first day of the subsequent long semester. If the required work to complete the course and to remove the incomplete grade is not submitted by the specified deadline, the incomplete grade is changed automatically to a grade of <b>F</b> .
<b>Disability Services</b>	<p>The goal of Disability Services is to provide students with disabilities educational opportunities equal to those of their non-disabled peers. Disability Services is located in room 1.610 in the Student Union. Office hours are Monday and Thursday, 8:30 a.m. to 6:30 p.m.; Tuesday and Wednesday, 8:30 a.m. to 7:30 p.m.; and Friday, 8:30 a.m. to 5:30 p.m.</p> <p>The contact information for the Office of Disability Services is:  The University of Texas at Dallas, SU 22  PO Box 830688  Richardson, Texas 75083-0688  (972) 883-2098 (voice or TTY)</p> <p>Essentially, the law requires that colleges and universities make those reasonable adjustments necessary to eliminate discrimination on the basis of disability. For example, it may be necessary to remove classroom prohibitions against tape recorders or animals (in the case of dog guides) for students who are blind. Occasionally an assignment requirement may be substituted (for example, a research paper versus an oral presentation for a student who is hearing impaired). Classes enrolled students with mobility impairments may have to be rescheduled in accessible facilities. The college or university may need to provide special services such as registration, note-taking, or mobility assistance.</p> <p>It is the student's responsibility to notify his or her professors of the need for such an</p>

	<p>accommodation. Disability Services provides students with letters to present to faculty members to verify that the student has a disability and needs accommodations. Individuals requiring special accommodation should contact the professor after class or during office hours.</p>
<p><b>Religious Holy Days</b></p>	<p>The University of Texas at Dallas will excuse a student from class or other required activities for the travel to and observance of a religious holy day for a religion whose places of worship are exempt from property tax under Section 11.20, Tax Code, Texas Code Annotated.</p> <p>The student is encouraged to notify the instructor or activity sponsor as soon as possible regarding the absence, preferably in advance of the assignment. The student, so excused, will be allowed to take the exam or complete the assignment within a reasonable time after the absence: a period equal to the length of the absence, up to a maximum of one week. A student who notifies the instructor and completes any missed exam or assignment may not be penalized for the absence. A student who fails to complete the exam or assignment within the prescribed period may receive a failing grade for that exam or assignment.</p> <p>If a student or an instructor disagrees about the nature of the absence [i.e., for the purpose of observing a religious holy day] or if there is similar disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the chief executive officer of the institution, or his or her designee. The chief executive officer or designee must take into account the legislative intent of TEC 51.911(b), and the student and instructor will abide by the decision of the chief executive officer or designee.</p>
<p><b>Off-Campus Instruction and Course Activities</b></p>	<p>Off-campus, out-of-state, and foreign instruction and activities are subject to state law and University policies and procedures regarding travel and risk-related activities. Information regarding these rules and regulations may be found at <a href="http://www.utdallas.edu/BusinessAffairs/Travel_Risk_Activities.htm">http://www.utdallas.edu/BusinessAffairs/Travel_Risk_Activities.htm</a>. Additional information is available from the office of the school dean.</p>
