### Textbook: Each Lecture's Focus

This is not a comprehensive set of what you need to know, but it gives a good overview for the focus of the major lectures and activities. More detailed questions are included in the assignments and the study guides for the tests.

Please note that some material in the lecture is NOT in the textbook just as some material in the textbook (that will appear on the test) is NOT in the lecture. Lectures are addressed in-class activities, Q&A sessions, videos and professor presentations in class. Pay attention to the readings, video lectures and in-class presentations and activities. Your notes should cover all of these.

### Course Policies

#### 1. General

- Announcements are made in eLearning or by UTD email.
- Office hours are in Microsoft Teams. They are student conference hours for clarification, seeking additional help, or getting advice on assignments or coursework. Assignments can be reviewed during the office hours or after class.
- When emailing, students must use UTD email and include a descriptive subject line such as "BCOM 4300.001 Friday/Friday 2 pm Presentation Question." Emails from non-utdallas.edu emails will not be answered.
- Assignments are not reviewed by email. Students can visit [bcc.utdallas.edu](http://bcc.utdallas.edu) for writing help or bring assignments to office hours or conference times.
- All assignments, quizzes, and projects will be checked for scholastic dishonesty (TurnItIn or other methods). A finding of scholastic dishonesty results in a grade of zero.
- The instructor reserves the right to change the grading policy, the course schedule, and the assignments and change the published grades if there is a miscalculation or dishonesty situation.
- There is no extra credit in any BCOM course. This is a BCOM-wide policy.
- Grade Contesting: Email within one week of a grade being posted to request a meeting. Requests to contest a grade after the week are not accepted. Include in this email the concerns or questions. A challenge may result in grades being raised or lowered.

#### 2. Assignments

- Submit early to avoid technical issues.
- Only submitted assignments in eLearning are graded. ("Turn In Assignments Here" folder)
- Review rubrics on assignment descriptions for how they are graded. ("Assignments" folder)

- d. Late Work: Late submission of the final report or presentation file will be docked 1% per hour late based on when it's submitted to the dropbox.
- e. Late Work: Vantage, peer review, group evaluations, and discussion boards cannot be submitted late.
- f. You are responsible for making sure TurnItIn assignments are submitted. You will receive a confirmation email immediately after a TurnItIn submission. If there is a technical issue where I do not see your assignment, I will ask for the confirmation email as proof of submission. Screenshots of document edit dates will not be accepted as proof.
- g. Assignment List:
  - i. Test 1: Communication Skills and Traits – leadership communication, applying communicating strategies to a variety of situations (SLO 1)
  - ii. Test 2: Communication Development – strengths, interpersonal skills, and more (SLO 1 & 2)

  - x. Written performance evaluations: completion of a performance review for each team member and a self evaluation to determine communication goals and strengths

### 3. Tests

- a. For Spring 2023, the tests are in the Testing Center. The Testing Center requires students to schedule their test time and does not accept walk-in test takers. <https://ets.utdallas.edu/testing-center>
- b. Students must schedule an appointment with the Testing Center at least 48 hours before the test. Students are encouraged to schedule both test appointments the first week of classes. Failure to register for a test will result in an automatic 30 percent deduction (60 points). Failure to take the test will result in a grade of zero on the test. Students are responsible for ensuring confirmation of Testing Center registration; the Testing Center sends email confirmations, which should be retained.
- c. Tests are multiple choice and true/false, each 50-60 questions and each question weighted equally. Tests must be done individually. Collaboration, if proven, will result in a referral to Judicial Affairs.
- d. Each test is 90 minutes and is open note but limited to one sheet of 8 x 11.5 (front and back). The Testing Center will collect the note page when students finish the test. Notes can be typed or handwritten. Bringing in more than one page of notes will typically result in a referral for scholastic dishonesty and potentially a grade of 0 on the test.
- e. In case of medical emergencies, contact the instructor immediately. In this case, makeup tests may be essay and short answer instead of multiple choice and true/false.
- f. If the Testing Center is closed due to an online pivot, all test policies are subject to change to adapt to the modality.

### 4. Class Participation & Attendance

- a. Research has found that those who miss four or more classes tend to have decreased final grades ([source](#)). However, sometimes weather and other situations prohibit attendance. Thus, students may

miss 3 classes, even unexcused, without an absence penalty. After 3 unexcused absences, at the end of the semester, a student will lose 1% from the final course grade average out of 100% for each successive unexcused absence. (Example: A student with a final course average of 86% with 7 total unexcused absences would lose 4%, for a final course grade average of 82%.) An excused absence must be supported with university-approved documentation.

- b. Professional communication is expected as part of attendance. Show up ready to learn and implement skills to reduce distractions, including putting your cellphone out of reach and using laptops only for note taking.
- c. Your professor reserves the right to restrict personal technology use as needed.

## 5. Group Assignments

- a. Students will be placed into a group. The group is responsible for determining roles and a work schedule within the project deadlines.
- b. No additional team members will be added if someone drops or is removed or “fired” from the group.
- c. Groups cannot “fire” students without consulting their “supervisor” (the course professor). The professor reserves the right to remove or adjust the grade of a non-compliant team member. To request a review of a non-compliant team member, see the assignment sheet for the process.
- d. Students are encouraged to reach out to the instructor with concerns. The goal of teamwork is to improve team communication. Students must learn how to solve team-related problems.
- e. Group project deliverables are listed in section 2 of the syllabus.

## Tips for Success

The business communication program helps students to succeed as a communicator now and later. The course has been designed to improve students’ communication skills. Students are encouraged to work on assignments sequentially (each assignment builds on the last one). Students also encouraged to:

1. Stay focused. Be proactive in academic studies and add deadlines on your calendar.
2. Be prepared. Read each assignment, follow the study guide, and focus on the class objectives.
3. Be professional. Treat everyone respectfully and fairly. Set high standards for reliability and ethics.
4. Ask for help. Be very active in class, participate in discussions and exercise communication skills.

## Comet Creed

This creed was voted on by the UT Dallas student body in 2014. It is a standard that Comets choose to live by and encourage others to do the same: *“As a Comet, I pledge honesty, integrity, and service in all that I do.”*
