

Jackie L. Clark, PhD

jclark@utdallas.edu ❖ (972)-883-3031 ❖ University of Texas at Dallas

PERSONAL AND PROFESSIONAL STRENGTHS/SKILLS

- ❖ Leadership as Not-for-Profit Chief Volunteer Officer (President): major national professional organization (13k members with multi-million-dollar budget); state professional organization (800 members); and international (200 members) multi-disciplinary organization
- ❖ Excel in strategic problem solving with attainable solutions for current and future successes in small and large “for profit” and “501” organizations and personnel
- ❖ Experienced in direct personnel supervision of ~50 – 250 direct report personnel within 3 – 5 soft goods departments
- ❖ Maintain fiscal responsibility of small to large organizations (for-profit and not-for-profit)
- ❖ Provide unbiased feedback and evaluation for others to identify areas for success development
- ❖ Effectively communicate with non-specialists to attain stated goals
- ❖ Enhance merchandising of wide spectrum of products
- ❖ Application of solutions in the context of diverse cultures and differing personalities
- ❖ Soft skills include inquisitiveness, empathy, patience and extreme adaptability

RESEARCH INTERESTS

- ❖ Effects of Culture, Diversity and Inclusion in the clinical practice of Audiology
- ❖ Demographics of Hearing loss in indigenous populations
- ❖ Effects of noise exposure on emotional, cultural and audiological outcomes in adults
- ❖ Improving, updating and confirming efficacy of Clinical Measures used in Audiology practices for adults and pediatric populations
- ❖ Neurophysiologic Assessment of Auditory Neural Processing in the pediatric population
- ❖ Linking behavioral with neurophysiologic data in disordered subjects via objective electrophysiology measures.
- ❖ Hybrid cochlear implantation technology impact on human auditory perception

EDUCATIONAL BACKGROUND

Doctor of Philosophy in Human Development and Communication Sciences

University of Texas at Dallas

- Major: Hearing Science
- Minor: Neuroscience
- Minor: Disorders of Language and Learning

Master of Science, Communication Disorders, Audiology and Speech-Language Pathology

University of Texas at Dallas

- Major: Audiology
- Minor: Speech Language Pathology

Bachelor of Science in Textile Science, Merchandising/Marketing

Colorado State University

CERTIFICATION AND LICENSURE

License in Audiology – State of Louisiana

2006 - 2020

Board Certified by The American Board of Audiology	2002 - Present
Certificate of Clinical Competence in Audiology- ASHA	1988 - 2014
License in Audiology – State of Texas	1988 - Present

ACADEMIC APPOINTMENTS

University of Texas at Dallas

Clinical Professor, School of Behavioral & Brain Sciences	2015 - Present
Clinical Associate Professor, School of Behavioral & Brain Sciences	2009 - 2015
Clinical Assistant Professor, School of Behavioral & Brain Sciences	2007 - 2009
Lecturer, School of Behavioral & Brain Sciences	1995 – 2007
Research Assistant & Lab Coordinator	1988 - 1995

University of Nigeria

Visiting Professor of Audiology	2023 - Present
---------------------------------	-----------------------

University of The Witwatersrand, South Africa

Research Scholar, School of Speech and Hearing Therapy	2006 - 2023
--	--------------------

American Institute of Continuing Medical Education

Faculty, American Institute of Continuing Medical Education: Online International Hearing Care Technician Certificate Course	2013 - Present
---	-----------------------

CLINICAL EMPLOYMENT

Senior/Master Clinical Audiologist

1998 – Present

UTD-Callier Center for Communication Disorders: Outreach Program Coordinator · Mobile Hearing and Hearing Aid Dispensing/Support · Conduct differential audiological diagnostic practices · ABR evaluations · ototoxicity monitoring program for rehabilitation hospitals · supervise graduate students.
St. Paul Hospital Speech and Hearing Department (Jim Carter). **1992 – 1997**

Adult/pediatric audiometry. Initiated, created and administrated universal infant hearing screening program; initiated and administrated ototoxicity monitoring program; part-time/full-time.

Cedar Creek Hearing Center – Partnership

2005 - 2024

Provision and Administration of screening, diagnostic hearing services including amplification and ear canal management procedures

North Texas Audiological Screening/Diagnostic Consulting Services.

1987 – Present

Administration of screening and consulting with private schools & corporations in Metroplex

Independent Industrial Audiology Consultant (*Koch-Glitsch*)

St. Paul Hospital (Dr. Maurice Edwards). Adult/pediatric behavioral audiometry; part-time. **1987 – 1997**

Children's Medical Center of Dallas (Karen Ford). Pediatric behavioral audiometry

1987 – 1993

Electrophysiologist/On-call Audiologist

1987 – 1993

Electrophysiology Labs of Dallas (Drs. Terese Finitzo and Kenneth Pool). Pediatric and adult ABR testing/interpretation in office, neonatal ICU, and hospital bedside, interpretation of Brain Mapping in evoked potentials; full- and part-time.

Electrophysiology/Graduate Student Worker

1984 - 1987

NIH Grant: Otitis Media impact of language, learning and hearing (Terese Finitzo and Sandy Friel-Patti). Pediatric (Infant, toddler and young children) diagnostic audiometric behavioral assessments and Auditory Evoked Brainstem Responses (ABR).

SERVICE

American Board of Audiology

2014 – 2016, 2022 - Present

General Board Member with responsibilities of the largest national organization for audiologists;

1966 Inwood Road; Dallas, TX 75235

jclark@utdallas.edu

sanctioned to deliberate and ensure fiscal health of not-for-profit organization with 1,000+ membership

Co-Director/Co-Founder: Coalition for Global Hearing Health 2007 – Present
Board Member

Director with fiduciary responsibilities to ensure fiscal health of the global organization with ~300 active members world-wide.

Chief Volunteer Officer: American Academy of Audiology 2015 - 2019

President Elect, President and Past President fiduciary responsibilities to ensure fiscal health of an internationally recognized organization with the largest number of audiology members worldwide (12,000+ membership), as well as fiscal responsibilities of \$20+M in resources. Direct and partner with 12 volunteer board members and 32 staff in partnership with the Executive Director

Chief Volunteer Officer: Texas Academy of Audiology 2012- 2015

President Elect, President and Past President fiduciary responsibilities to ensure fiscal health of the organization and growth of 1000+ membership continues in a positive trajectory. board of 12 volunteer members and 1 paid staff.

Volunteer Officer: American Academy of Audiology 2011 - 2015

General Board Member with responsibilities of the largest national organization of audiologists; sanctioned to deliberate and ensure fiscal health of not-for-profit organization with 12,000+ membership

Ex-Officio Board Member: Texas Academy of Audiology 2001 – 2010

Director of Publications responsible to maintain a current mailing list, solicit and publish advertising, write and publish stories relevant to Texas Clinical Audiologists, maintain a budget

NON-ACADEMIC EMPLOYMENT

Limited Liability Corporation Partner: Cedar Creek Hearing Center 2004 - 2024

(6 – 8 hours/week) Provision of professional audiological services in rural Texas with personnel oversight/management, product purchasing, establish clinical protocols; personnel supervision

Sole Proprietor: Audiology Consulting Services 1987 - Present

Provision of vision, hearing and speech screenings in preschools and private schools in the Greater DFW area; Reviewing and Interpretation of annual industrial hearing screenings; Legal Consultations with Class Action Lawsuits in Texas and Louisiana (35 years)

Executive Trainee; Assistant Buyer; Executive Trainee; Middle Manager; Floor Manager:

Titche-Goettinger/Joske's (Retail) 1974 - 1979

PROPOSALS AND GRANT/FUNDING ACTIVITY

2012 Proposal Submitted Title: Demographic Study of Hearing Loss in Southern Malawi

Agency: NIH

Time Duration: 3 years

Submitted Total Requested - DENIED: \$720,000

2012 Proposal Submitted Title: Effect of Attack and Release Time on Speech in Noise Performance

Agency: Hearing IRC Research Grant Application

Time Duration: 2 years

Submitted Total Requested - DENIED: \$250,000

2010 Proposal Submitted Title: Telehealth in Audiology in Rural Africa

Agency: U.S. Aid

Time Duration: 3 Years

Submitted Total Requested DENIED: \$131,000

RESEARCH EXPERIENCE

- Impact of noise and lifestyles on ability to hear and perform in noise for normal hearing and hearing-impaired adults and adults diagnosed with Parkinsons Disease.
 - 2004 – 2021
- Outcome measures with amplification used in developed and developing countries.
 - 2003 – 2005
- Rate and frequency of hearing aid repairs in a clinical setting.
 - 2003 – 2004
- Consulting MicroPhonic Inc. Cochlear Implant System to establish protocols, etc. to introduce a new cochlear implant device for review, study, etc.
 - 2002 – 2005
- Validity and replicability of clinically based otoacoustic emission measures.
 - 2002 – 2004
- Determining effective clinical pediatric audiometric speech protocols.
 - 2002 – 2003
- Cooperative Ototoxicity Monitoring Program for Baylor Rehabilitation Hospital in-patients.
 - 2002 – 2004
- Efficacy study with Welch/Allyn Earwash system using adult subjects (P.I. Ross Roeser).
 - 2000
- Consult and manage administrative activities and students involved in, Hearing Aid Dispensing to those in Economic Need (HADEN) funded by Texas commission for the Deaf and UTD/Callier Center (P.I., Linda Thibodeau).
 - 1998 – 2000
- Universal Newborn Hearing Screening Protocols and Equipment.
 - 1996 – 2000
- UTD Research Laboratory Supervisor/Coordinator (Dr. George Moushegian). Establish research protocol, collect, manage data, and oversee administration of all aspects of research lab in Auditory Brainstem Electrophysiology, Auditory and Visual Cortical Mapping. Funded by Margaret F. Jonsson Research Fund.
 - 1995 – 1997

- Dissertation Topic, Frequency-following responses (brainstem evoked responses) and brainstem timing qualities. Funded by Lear Ashmore Research Grant and Margaret F. Jonnson Research Fund.
 - 1993 – 1995
- Brain Electrical Activity Mapping in Learning Disabled Children
 - 1988 – 1993
- Pediatric Audiology using behavioral and electrophysiologic (ABR and Brain Mapping) evaluations in clinical and research populations: pediatric otitis media, adult dysfluency, spasmodic dysphonia, and neurogenic disorders. (PI: Terese Finitzo & Sandy Friel-Patti)
 - 1990
- Aural Rehabilitation, Digital Tactile Devices, and Cochlear Implants (PI Ross Roeser)
 - 1988
- Master's Thesis, Differences between insert and supra-aural earphones
 - 1986 – 1987
- UTD Research Assistant
 - 1986 – 1988

FUNDING AWARDED

2011 – 2012: Callier Clinical Fund: Normative Study on Speech in Noise - \$5000

1995 – 2005: Manufacturer Donations for Humanitarian Audiology Program: ~\$10,000 annually

CLINICAL CONTRIBUTION

2007 – Current: Callier Clinical Services Income to Callier Center: ~\$30,000 - \$50,000 annually

CLINICAL PRECEPTOR: CFY, EXTERNS

Externship Preceptor UT Dallas AuD Students	2011 – Present
Community Hearing Screenings Supervisor UTD, Dept of Communication Disorders. Supervise Master Level Speech-Language Pathology and Audiology Graduate Students Performing Hearing Screenings in the Community	1996 – Present
CFY Supervision in Audiology UTD/Callier Center for Communication Disorders	1998 – 2011
CFY Supervision in Audiology Children's Medical Center of Dallas, Texas	1989 – 1990

ACADEMIC SERVICE RESPONSIBILITIES

UTD – School BBS: BBS Undergraduate Scholarship Committee Member	2021 - 2022
UTD - AuD Program: Clinical Professor Search Committee Chair	2021 - 2022
UTD International Oversight Committee (Appointed by UTD President)	2015 – 2020
UTD International Education Committee (Appointed by UTD President)	2015 - 2020
UTD – Callier Center: Search Committee Chair – Clinical Audiology Extern	2003 - 2007
UTD – AuD Program: Admissions Committee	2000 - Present

UTD – AuD Formative Assessment Oral Evaluation Examiner	2010 - Present
UTD – AuD Formative Assessment Grader	2000– Present
UTD – AuD Performance Assessment of Skills Assessor	1998 - Present
UTD – AuD Formative Assessment Organizational Committee	1998 - Present
UTD – Audiology Comprehensive Evaluation Grader	1997 - 1999

TEACHING RESPONSIBILITIES

University of Texas at Dallas

Audiology in the Pubic Health and Medical Domains (AUD 6352) UTD, AuD Program	2022
Teaching Clinic Hearing Aids (AuD 7280 – 5 hours weekly) UTD, AuD Program	2021
Eval & Fitting of Hearing Technology (AUD 7321 – 3 credits/semester) UTD, AuD Program	2020 -Present
Eval & Fitting of Hearing Technology Lab (AUD 7324 – 3 credits x 2 sections/semester) UTD, AuD Program	2020 - Present
Professional Issues (AuD 7310 – 3 credits x 1 semester) UTD AuD Program	2016 – Present
Clinical Electrophysiology (AuD 7353 – 3 credits x 1 semester) UTD, AuD Program	2008
Anatomy & Physiology of Audition (AuD 6305 – 3 credits) UTD, AuD Program	2007 – 2016
Diagnostic Audiology (AuD 6311 – 3 credits) UTD, AuD Program	2005 –Present
Diagnostic Audiology Labs (AuD 6321 – 3 credits x 2 sections/semester)	2010 - Present
Teaching Clinic Pediatric (AuD 7280 – 4 hours weekly x 1 semester) UTD, AuD Program	2005 – Present
Teaching Clinic Adult (AuD 7280 – 4 hours weekly x 1 semester) UTD, AuD Program	2005 – Present
Provision of Audiology Services in Low Resourced Countries UTD, AuD Program	2005– Present
Clinical Practicum Supervision (AuD 7280 – 3 credits) UTD, AuD Program	1998 – Present

Pediatric Audiology (AuD 6318 – 3 credits) 1997 – 2017
UTD, AuD Program

Basic Clinical Audiology (SPAU 3341 – 2 semesters annually) 1996 – 2021
UTD, Dept. of Communication Disorders

Advanced Clinical Audiology online (COMD 5341 – 3 semesters) 1996 – 2020
UTD, Dept. of Communication Disorders

Advanced Clinical Audiology 1987 – 1988
Teaching Assistant. UTD, Graduate Audiology Students

**American Institute of Continuing Medical Education
Creation/execution/recording of courses**

Pure Tone Hearing Test Techniques: Bone Conduction 2013
Online Course. International Hearing Care Technician Certificate Program.

Pure Tone Hearing Test Techniques: Air Conduction 2013
Online Course. International Hearing Care Technician Certificate Program.

Retrocochlear (neural) Disorders 2013
Online Course. International Hearing Care Technician Certificate Program.

Inner Ear Disorders 2013
Online Course. International Hearing Care Technician Certificate Program.

Sound and Acoustics 2013
Online Course. International Hearing Care Technician Certificate Program.

Auditory Anatomy and Physiology 2013
Online Course. International Hearing Care Technician Certificate Program.

The University of The Witwatersrand

Provision of Survey Topics to Undergraduate Students 2003 – 2009

Pediatric Audiology July 2004
Graduate level content

Humanitarian Audiology Opportunities in Mozambique August 2003
Short course.

COLLEGIAL ACADEMIC PEER REVIEW FOR RANK AND PROMOTION
