Course Description	This course introduces concepts and analytical techniques to identify and solve financial management problems. It serves as the basis for all other courses in the area of finance as well as providing those basic tools that every business student will need to be successful in her/his chosen career. Those students majoring in business administration and accounting, as well as those going further in the study of finance, will find this material an essential part of their business education. Regardless of the student's chosen career, these tools and techniques will provide the foundation for making personal financial decisions.
Learning Objectives	<ol style="list-style-type: none"> 1. Be able to apply time value of money concepts to various valuation problems. 2. Be able to describe what drives a firm's cost of capital and how to estimate it. 3. Be able to analyze investments in real and financial assets using various methodologies.
Required Text	<p><i>Fundamentals of Corporate Finance</i>; Standard 10th Edition, by Ross, Westerfield, and Jordan [with Connect access code required]: It may be more cost effective to purchase this as a new book packaged with Connect Plus code.</p> <p><u>However, Connect access may be purchased separately.</u></p> <p>Connect is an online software that allows students to submit homework assignments and check their work on-line. Access to McGraw-Hill Connect is required for this course. Connect Plus is the Connect Finance code plus an e-version of the textbook.</p>

	<p><u>Textbook Options:</u></p> <ol style="list-style-type: none"> 1. Ross, Fundamentals of Corporate Finance, Standard 10th edition packaged with <u>Connect Plus</u> (ISBN: 9780077630706) →[Recommended], Available at bookstore. 2. Ross, Fundamentals of Corporate Finance, <u>Connect Plus</u>, Finance code only: 9780077479497 (includes digital text) 3. Ross, Fundamentals of Corporate Finance, Standard 10th edition, text only: 9780078034633 This would require separate purchase of Connect Code which can be done online from course link. (see below) 4. Ross, Fundamentals of Corporate Finance, Connect Finance code only: 9780077479466 5. There are also loose-leaf versions and an Alternate Edition of this text book. The latter has a few extra chapters. <p>You can register for Connect and/or buy access code at the web link presented below under Web Link for this class.</p>
<p>Calculators</p>	<p>For the exams for this course, you are allowed to use any calculator that you prefer except for (i) programmable calculators, (ii) calculators that reside on smart phones, or (iii) any calculator that has wireless access to the internet.</p> <p>An exam proctor will check your calculator before (or during) each exam to be sure that it complies with this rule; if the calculator is not in compliance, the proctor has the authority to remove your calculator for further use on that exam. Please do not risk having to incur the consequences. If you plan to use an unfamiliar, obscure type of calculator, you should check with your instructor any time before the actual exam date to avoid any potential complications during the actual exam.</p> <p>The time-value-of-money material in this course will be taught to you in two ways: (1) using five fundamental math equations and (2) using financial-function keys on a calculator. If you master either approach, you are perfectly well-equipped to be successful in this course; mastering both approaches makes you even more competent.</p> <p>The course instructor is only required to be fluent in the financial functions for any of the calculators that are made by Texas Instruments and contain financial functions (e.g., TI BA II Plus, TI-83 Plus, TI-84 Plus, TI-86, etc.).</p> <p><u>If you choose to use the financial functions on any calculator that is not of the Texas Instruments brand, you are required to learn these keys on your own.</u> Any common calculator will have a user's manual, as well as tutorials on YouTube for how to use it.</p>

Web Link & Practice Problems	<p>Web Address for this class for Connect is: http://connect.mheducation.com/class/jm_oh_fin3320_006_15s</p> <p>Practice problems from the end-of-chapter problems sets are assigned as Homework Sets. We will go over some of these in class. Students are required to complete these <i>via</i> the McGraw-Hill Connect system.</p>

Class Procedure	Students should review assigned chapter material prior to the class session and are expected to participate in class.
EXAMS & Make-up Policy	<p><u>NO make-up exams allowed.</u></p> <p>Laptops are NOT allowed during exams. Financial calculators are required. If Scantron forms are used, they supersede handwritten responses on the exam. All students are REQUIRED to take final exam.</p> <p>Make-up for Exam 1 through 2 will be given only under documentable circumstances in accordance with the school policy. Do not ask me to give you an exam early so that you can fly out on a cheaper flight. Make-up exam policy for the final exam is not under my control. See section under "Final Exam."</p>
(Uniform) Final Exam	<p>A <u>COMMON FINAL EXAM</u> will be given for all students across all sections of this Fin3320 course as indicated on schedule. Our section will be assigned a specific time slot by the registrar's office and I will notify you of the timeslot when it is known.</p> <p><u>You CANNOT make up this exam if you miss it</u> (except as described in the following paragraph). At this comprehensive final exam, you will not be allowed to bring backpacks, bags, books, cell phones, laptops, notebooks, or scratch paper. Please see the section above titled "Calculators" for information about what types of calculators are permitted for this exam. You will have to bring a pencil, an eraser, an acceptable financial calculator, Scantron form 882-E, and a photo ID (e.g., UTD Comet Card (preferred), state driver's license, or passport). <u>Students will not be able to take the exam without photo identification.</u></p> <p>If a student is to miss an exam in the event of a medical emergency, a car accident, or a religious holy day, the student must notify his/her instructor by e-mail or telephone before the final exam begins. Last-minute emergencies such as hospitalization, car wrecks on the way to the exam, et cetera, will have to be substantiated by supporting documents and <u>in these cases the students will receive an incomplete grade (an "I") in the course and will take the exam in a common-hour sitting early in the following semester.</u> There will be NO EXCEPTIONS.</p> <p>The exam will be in <u>Davidson Auditorium (JSOM 1.118)</u>. See the final page of the course syllabus for the date and time of this exam.</p>
Academic Integrity	The faculty expects a high level of responsibility and academic honesty from its students. This is important and could affect your grade and university status. See http://policy.utdallas.edu/utdsp5003
Withdrawal from Class	The administration of this institution has set deadlines for withdrawal of any college-level courses. These dates and times are published in that semester's course catalog. Administration procedures must be followed. It is the student's responsibility to handle withdrawal requirements from any class. This means, I cannot drop or withdraw any student. You must do the proper paperwork to ensure that you will not receive a final grade of "F" in a course if you choose not to attend the class once you are enrolled. I will NOT announce withdrawal deadlines or any other enrollment related dates.
