**Course Description:** Introductory Financial Accounting

An introduction to business financial reporting designed to create an awareness of the accounting concepts and principles for preparing the three basic financial statements: the income statement, balance sheet, and statement of cash flows. The course is designed to benefit all business students who will be future *users* of accounting information.

**Instructor:** Xiang-yu Huang  
**Office:** JSOM 4.209  
**E-mail:** [xiang-yu.huang@utdallas.edu](mailto:xiang-yu.huang@utdallas.edu); or e-mail through eLearning  
**Office Hours:** Friday 12-2pm or by appointment

**Required Textbooks and Materials:**

Financial Accounting: Tools for Business Decision Making 7<sup>th</sup> Edition  
by Kimmel, Weygandt, and Kieso (ISBN: 9781118344262)

**Grading System:**

The overall course grade will be comprised of the following:

Exam #1	20%
Exam #2	25%
Exam #3	25%
Quizzes	15%
Term Project	15%
<b>Total</b>	<b>100%</b>

**Grading Scale:**

Scaled Score	Letter Equivalent
90-100	A
80-89	B
70-79	C
60-69	D
Less than 60	F

**Exams**

Students **MUST** take all exams. **No** make-up exams will be given. Students with anticipated excused absences (such as documented university-sponsored events) should contact me prior to the absence.

Three non-cumulative exams will be in-class, closed book and closed notes. Students are required to bring a **nonprogrammable 4-function calculator, 882 Scantron, and a picture ID** to each exam.

You are not allowed to use any electronic communications devices (except calculators) during the exam. The cell phone and portable computer are prohibited on the exam.

### Quizzes

There will be quiz for every week. You should take these quizzes on eLearning by the deadline. These quizzes are used to facilitate your study. The quizzes before Exam 1 focus on the review of the material taught in the class. The quizzes after Exam 1 turn to the preview of the class. You may open book to answer those questions, but the better way to do it is to study before you take it, given the time restriction. Your lowest quiz grade will be dropped. Because of this, **No** late quizzes will be accepted and there will be **No** opportunities to make-up quizzes.

### Readings and Exercises

You should pay attention to the readings and exercises stated in the schedule at the end. They define what is going to be covered in the class and what to expect on the exam. The assigned exercises will ensure your study in the right direction and help you assess your understanding of the material. The solutions to the exercises will be posted on eLearning for you to check your answer. To succeed in the closed book and closed notes exam, please try to work out the questions on your own before you look up the solutions and don't take them lightly.

### Term Project

A term project is due on the day of final exam, but I will check your process during the semester. Details of the requirements will be disclosed after Exam 1.

### Attendance

It is critical to your success that you attend each session. There will be handouts distributed in class.

### eLearning

The eLearning website (<http://elearning.utdallas.edu>) is an integral part of this class and all students should ensure they have access to our class website as soon as possible. All class emails sent by me will be through eLearning so it is necessary to frequently check your eLearning email account. Class slides, notes, solutions to the exercises and the quizzes, and other relevant information will be posted on the eLearning website.

### Grade Appeals/Changes

If you believe an error has been made in grading or recording a quiz/exam, you must submit a **written request** for review **within three class days** of the date the assignment/exam score was made available to class. ANY REQUEST MADE AFTER THIS TIME CANNOT BE CONSIDERED. It is therefore critical that you review all graded items on a timely basis.

### Others

C or above is necessary before you proceed to ACCT 2302, a course required for the students in pursuit of a major in school of management.

### UT Dallas Syllabus Policies and Procedures

The information (includes technical support) contained in the following link constitute the University's policies and procedures segment of the course syllabus.

Please go to <http://go.utdallas.edu/syllabus-policies> for these policies.

***The descriptions and timelines are subject to change at the discretion of the instructor.***
