### Course Description

#### Course Description

Beginning Spanish II allows beginning language learners to hear Spanish and experience its cultural and linguistic diversity in the classroom and online. The text, *Anda: curso elemental* utilizes a communicative and content-based approach, incorporates culture, and introduces students to authentic language material (realia) through use of state-of-the-art online technology that create a 24/7 active language-in-culture environment.

All four skills involved in learning a foreign language (listening, speaking, reading and writing) will be integrated into the course work and evaluations.

During class, the components of listening and speaking will be emphasized. WE will spend most of the time using the language, not talking about it. The grammatical explanations will be kept to a minimum and, occasionally, you will be required to work in pairs and small groups. Your active participation in individual and group work is required for the success of the class. The reading and writing components of the class will be mainly practiced at home online. The online workbook/lab manual serves multiple purposes: it allows you to practice and develop listening, reading and writing skills; it prepares you to participate in class; it prepares you to succeed on quizzes and exams.

#### Student Learning Objectives

- To improve competency in speaking, reading, listening and writing.
- To expand on previously acquired structures.
- To learn new structures that allow students to communicate using both concrete and abstract information.
- To prepare students to take Intermediate Spanish I.
- To deepen students' knowledge of Hispanic culture.

Chapter objectives include:

- Narrating in the past (preterit and imperfect)
- Giving commands
- Making recommendations
- Talking about health
- Expressing conditional statements

Indirect speech  
 Use of the subjunctive  
 Impersonal expressions

**Grading**

My Spanish Lab / Homework	25%
Chapter exams (6, drop 1, except 6) 5 x 5%	25%
Quizzes (12, drop 2) 10 x 2.5%	25%
Daily Participation	25%
<b>Total</b>	<b>100%</b>

I will make use of following +/- system:

A+ 98-100	B+ 86-89.5	C+ 76-79.5	D+ 66-69.5
A 93-97.5	B 83-85.5	C 73-75.5	D 63-65.5
A- 90-92.5	B- 80-82.5	C- 70-72.5	D- 60-62.5
			F 0-59.5

**Graded Categories**

**1) My Spanish Lab** must be completed outside of class and by the assigned dates to receive full credit. The website will allow you to submit late work, but will deduct 10% for each day it is late. The online exercises are quantitative, which means they will be assigned a numeric grade. You are allowed two attempts for each exercise. The second attempt must be completed before the due date. You are responsible for keeping up with assignments. Waiting until the night before an assignment is due and encountering a technical problem is not an excuse.

**2) Quizzes** will be given as scheduled over vocabulary (V) and grammar (G). These quizzes begin promptly. Quizzes that do not comply with this policy will not be accepted. Two (2) quizzes are dropped. THERE ARE NO MAKEUPS FOR THESE QUIZZES.

---

**3) Chapter exams:** There will be 6 chapter exams; one (1) will be dropped. THERE ARE NO MAKEUPS FOR EXAMS.

**4) Daily active participation** includes responding when called on, volunteering, writing on the board, group work, and any other activity assigned by the instructor. This is a language class. Speaking is the most important of the four skills. Students are expected to be active listeners AND speakers. Effort is important. Answers don't have to be perfect, but they need to be comprehensible. Your participation will be graded daily. Your success in this course and your ability to communicate effectively in Spanish is a function of your level of engagement in this class. I am interested both the quantity and quality of your participation. Simply attending class does not guarantee a student a good participation grade.

---

### **Class Attendance**

Attendance is absolutely crucial to your success in Spanish 1312. Empirical studies show a correlation between regular attendance and performance evaluations. Students, therefore, are encouraged to attend each class. There is, however, no specific attendance policy. Students who miss class will not be penalized solely for missing class. Missing class, however, will obviously affect your participation grade, i.e. you will receive a zero if you are not in class; at the same time, students who miss a quiz or any other assignment because of a missed class, will receive a zero for that quiz/assignment.

Because there is no attendance policy, per se, excused absences are a moot point in most cases. For these purposes, excused absences are limited to the following: school-sponsored activities, including fieldtrips and athletic events; religious observance; doctor's appointments and/or hospital stays. In the case of school activities or religious observance, the student must notify the instructor in writing in advance. In the case of fieldtrips, the student must provide a letter or email from the sponsoring department or professor(s) in advance. Athletes must provide a letter and calendar of events. Please note that only UTD intercollegiate sports, not club or recreational sports, are covered by this policy. In the case of illness, students must present a letter or note on letterhead or stationary from the physician to the instructor on the first class upon returning. The letter or note must contain contact information. This documentation must be original and not photocopied. Please note: I do not accept emails/letters from parents, etc. There are no exceptions to this policy.

In the event of a family emergency, such as the hospitalization or death of an immediate family member, you must contact your instructor via email as soon as possible. Documentation (such as an obituary or service bulletin) may be requested. The professor reserves the right to make a determination as to the validity of these absences on a case-by-case basis.

**Nota bene: It is your responsibility to withdraw from the course to avoid receiving an "F."**

---

### **Punctuality**

Tardiness is disrespectful to both your instructor and your peers. Arriving late to class will affect your daily participation grade in the course. **An attendance sheet is passed around at the beginning of the hour. If you do not sign the sheet, for any reason, you will be counted absent. Please do not ask to sign the sheet after it has been passed around.** Please do not leave class early or ask to leave during class (except in cases of emergency). You are adults. Unless you have a medical problem, you should be able to sit through a 50-minute class without needing to leave.

---

## Late Work

All work is due on the dates specified. **NO LATE WORK WILL BE ACCEPTED** in accordance with the policies outlined above. No exceptions. Please do not ask me to deviate from this policy. If you do, I will simply say, “Refer to the syllabus,” and I will consider the matter settled.

**Nota bene:** As free agents, you are free to make decisions about coming to class and completing your assignments on time. But every decision (action) carries a consequence. The consequence for missing class is outlined above. The consequence for missing an assignment deadline (regardless of the reason or “intention”) is a zero on the assignment.

---

## Personal Communication Devices

Unauthorized texting, use of laptops, MP3s, and other personal communication devices is prohibited without prior consent. If I catch you using any of these devices, I will count you absent for the day. If necessary, I will refer you to the Dean of Students. **I take this matter very seriously, and I suggest you do too.**

---

## Classroom Comportment/Manners

Students should stay on task at all times. **Students may not eat any kind of food/snack in class. No exceptions.** Staying on task means paying attention, being prepared to respond when called on; it does not mean: talking to classmates (except during group work), texting, reading emails, daydreaming, working on assignments for other classes, etc. If you must yawn, cough or sneeze, please cover your mouth. Students are expected to remain in class and be seated, unless otherwise instructed. Students should take care of biological functions before or after class. If you must leave class, please do it quickly and inconspicuously. Failure to adhere to these guidelines will result in a “0” participation grade for the day.

---

## Email and Course Communication

Students must use their UTD email account for all correspondence. Please be aware of the following:

- No homework should be sent via email without prior approval.
- Emails sent at night or on weekends may not be answered until the next class day.
- Students must place their class number and section, e.g. Spanish 1312.001, in the subject field; emails must include a salutation and closing, and follow standard rules of style (grammar, capitalization, spelling). Emails that do not adhere to these guidelines will be deleted unanswered.
- Please make sure your UTD email account is not full.
- Questions of a technical nature related to myspanishlab.com must be addressed to the Pearson Student Support. Questions regarding language/grammar/usage should be addressed in class or in my office. Do not email me with issues related to your myspanishlab.com.

6. Print your results (score and course placement). Students must enroll in the highest level course available as determined by their placement score. **Instructors reserve the right to require additional coursework for those students who fail to enroll in a course at the appropriate level.**

7. You will need to give your advisor a copy (print out or digital version) to enroll in the course. You are also required to bring a copy of your results to your instructor on the first day of class.

\*You need not take the exam if prior courses and/or credit by exam scores satisfy SPAN, FREN, or GERM course prerequisites (this includes credit through courses at UT Dallas, transfer credit, and AP or CLEP credit).
