		Class Participation	Individual	1 x 10 = 10	
		Individual Activites	Individual	2 x 10 = 20	When written submission required, submit before class as shown on Schedule.

	Group Activities	Group	5 x 8 = 40	When written submission required, submit before class as shown on Schedule.
	Final Exam	Individual	1 x 30 = 30	As scheduled
	Total		100	
		S	Scoring	
	Sco		nt Total Let	
		95-100+ 90 < 95		A A-
		85 < 90		B+
		80 < 85 75 < 80		B B-
		70 < 75		C+
		65 < 70 0-65		C F
Make-up Exams	Make-up exams will not	be allowed wit	hout prior perm	nission.
Assignments	All assignments, unless specifically marked as a Group Assignment, and all exams are to be individual efforts. You are not to collaborate with other students, or to discuss homework or programming assignments with other students prior to submission. Copying of homework, programming assignments, or exams, in whole or in part, from other students or from assignments from previous semesters will be considered to be an act of academic dishonesty. All assignments will be submitted through eLearning. Submission of assignments by e-mail is not acceptable unless prior permission of instructor is obtained.			
Late Work	Students are required to submit all assignments on time. All assignments are due at the beginning of class (not during and not after), on the specified date. I do not accept late assignments unless prior arrangements have been made with the instructor. If you find that an assignment may be late, please inform the instructor in advance of when it is due, and negotiate any accommodations with the instructor.			
Extra Credit / Special Assignments	None			
Class Attendance	Attendance is extremely important. Students are expected to attend all classes in order to achieve maximum success. Please inform the instructor and your team mates in advance of your absence. You are responsible for collaboration with the instructor on any alternate assignments, as well as your team for team assignments. Attendance will be taken and used in consideration for the Participation grade; however, this grade will also reflect the instructor's judgment of the value of contributions to class discussion. There is no makeup for missed in-class assignments.			

Classroom Citizenship	 Meaningful Class Participation: Active, consistent participation in class is an essential part of the learning experience. We will be using cases and readings and you must prepare them, either individually, or preferably, with a study group. Meaningful participation in the class discussion is valued and needed. Meaningful participation means making a contribution to our discussion, not merely talking, and it does not mean repeating facts in the readings or simply agreeing with what others have said. Nor does it mean making a point here or there. Our interest is not in "right" or "wrong," it is whether you have made a contribution to the development of the issues under study; whether you have moved the class forward. One clear way of making a contribution is to critically evaluate the comments of your classmates where needed; it is not the instructor's duty alone to decide whether a remark is of value. Failure to participate and contribute, penalizes you and the class in many ways: (1) you lose incentive to prepare the readings and case properly; (2) you lose the chance to further develop your oral communication skills; (3) you deprive all of us of your insights into the reading material and case; (4) your ideas do not get scrutinized and evaluated by others. Respect and Dignity: At UT Dallas we appreciate and foster the many advantages that come from working in a diverse community where everyone is treated equitably, with dignity and respect. The University of Texas at Dallas is committed to providing an educational, living and working environment that is welcoming, respectful and inclusive of all members of the university prohibits unlawful discrimination against a person because of their race, color, religion, sex (including pregnancy), national origin, age, disability, genetic information, or veteran status. The University's commitment to equal opportunity extends its nondiscrimination protections to include sexual orientation, gende expression and gender identity. Stud
eLearning	eLearning will be used for class content (e.g., class slides and assignment descriptions) and the recording of grades. Slides will be posted in eLearning before class is held. Class announcements (e.g., change in assignment dates) will be sent to the student email on record in eLearning. It is the students' responsibility to regularly check their UT Dallas email accounts.
Instructor Response Policy	The instructor will respond to all student inquiries (emails, voice messages, etc.) within 48 hours (excluding holidays and weekends).
Academic Integrity	The University is committed to academic excellence and expects academic honesty from all members of the University community and believes that it is essential for academic excellence and integrity. Academic honesty includes adherence to guidelines established by the instructor in a particular course for both individual and group work. It prohibits representing the work of others to be one's own (plagiarism); receiving unauthorized aid on an assignment (cheating); and using similar papers or other work products to fulfill the obligations of different classes without the instructor's permission. Penalties for academic dishonesty may include a grade of "F" on the work in question or for the course. In addition, any student engaged in academic dishonesty will be subject to disciplinary action. Please refer to the UT Dallas Syllabus Policies and Procedures website (see below) for detailed

	information pertaining to academic dishonesty, including procedures for determining disciplinary action.
Course Evaluation	As required by UTD academic regulations, every student must complete an evaluation for each enrolled course at the end of the semester. An online instructional assessment form will be made available for your confidential use. A link to an online instructional assessment form will be emailed to you for your confidential use.
Comet Creed	This creed was voted on by the UT Dallas student body in 2014. It is a standard that Comets choose to live by and encourage others to do the same: "As a Comet, I pledge honesty, integrity, and service in all that I do."
UT Dallas Syllabus Policies and Procedures	The information contained in the following link constitutes the University's policies and procedures segment of the course syllabus. Please go to <u>http://go.utdallas.edu/syllabus-policies</u> for these policies.

The descriptions and timelines contained in this syllabus are subject to change at the discretion of the Professor.
