Grading Policy

All work should also demonstrate the same professional and ethical standards expected of you in the workplace, including proofreading and editing carefully all work you submit in this class. Professionalism also means that you use appropriate source citation wherever and whenever necessary so that you avoid violations of copyright and academic honesty – even if those violations are inadvertent.

100-97% = A+ , 97-93 = A , 92-90 = A- , 89-87 = B+ , 86-83 = B , 82-80 = B- , 79-77 = C+ , 76-73 = C , 72-70 = C-

Business Communication Center

You are strongly encouraged to use the BCC located in 12.106. This is so important to me that you may receive +5 extra credit points per visit. Upload proof of your visit to ANYTHING ELSE YOU WANT CONSIDERED at TurnItIn.com and these points will be added to your grade at the end of the semester. Visit <http://bcc.utdallas.edu/> to make an appointment, find out how to check out a video camera, and learn how to strengthen your speaking and PowerPoint design.

Attendance

It is your responsibility to make sure you are counted present in each class. Be honest. Be on time. Be aware. If you forgot to sign in, accept the penalty.

You get TWO free absences. Each absence after that equals a loss of ten points from your participation grade. Should you lose more than those 30 points, the rest of the points will be deducted from your Informational Interview grade.

If you have a university-approved excused absences, submit documentation (a note from your doctor, etc.) of that absence to ABSENCE DOCUMENTATION at TurnItIn.com.

Sometimes there will be traffic. Often, it will be difficult to find a parking space. Be aware of this and plan accordingly. Class begins promptly. We have a short time to accomplish everything on our schedule. People who come in late disrupt the class and make it difficult for us to accomplish our goals. Entering a room late is also unprofessional and rude. Be thoughtful. Be polite. If you are excessively tardy, be aware that tardiness will begin to count as absences and will affect the final grade.

Course Policies

Late Work

Deadlines in the professional world are a serious matter. Missed deadlines mean lost contracts, delayed product releases, skyrocketing expenses, and, in some cases, the loss, quite literally, of millions of dollars in revenue. Missed deadlines also compromise professional reputations and careers. Work that does not meet the assignment's constraints is unprofessional and creates administrative headaches.

Your responsibility is to submit work to TurnItIn.com before the deadline. Understand how TurnItIn.com works. Double-check immediately after you submit a document to make sure that it is in the system. "I had technical problems" is not a valid excuse for late work, so plan accordingly. For these reasons, late or incomplete work is not accepted in this course.

Obviously, there are sometimes extreme and unlikely circumstances. In those cases, which involve university-excused absences, late work will be accepted.

If you have a university-excused absence, technical issues, or some other issue that means that you complete an assignment after the deadline, submit it to TurnItIn.com in the **ANYTHING ELSE YOU WANT CONSIDERED** assignment and then make an appointment to speak to the professor in her office. Submissions of late work to TurnItIn.com without university-approved documentation and a conference are usually given a few points of credit at the end of the semester (2 to 5).

Individual Extra Credit

Other than extra credit opportunities offered to the entire class (like the BCC offer), I do not curve individual items, nor do I offer "extra credit" work or "special consideration" to allow individual students a chance to raise their grade. If a personal situation arises during the semester that may affect your classroom performance, please talk to me sooner rather than later. If you wait until the end of the semester, I won't be able to help you. I can work with you more easily if you speak to me when the situation arises.

Classroom Citizenship

In keeping with the professional communication mandate of this course, students are expected to use every opportunity in the course to practice communicating in a civil and professional manner.

Classroom and Equipment Use Policies

No laptops may be used in the classroom unless you have cleared it with me first. Put phones away. Do not text in class.

We are going to have a great semester! This course is intended to create processes and cultivate resources that will help you succeed for years to come.
