MKT 6301

Course Description

Campaign Management consists of a series of disciplines (e.g. direct marketing, databases, and fulfillment) needed to successfully conduct AND improve marketing campaigns over time. Campaigns can be executed to acquire new customers, for fundraising purposes, for brand building or to sell products and services to existing customers. In today’s digitally driven environment, there are also marketing automation tools which make campaigns both scalable and data driven for improved ROI. The course will use IBM’s Marketing Cloud’s [Silverpop](#) platform

Student Learning Objectives/Outcomes

Upon completion of this course, students are expected to learn the following:

- Become knowledgeable in data source identification and basic data manipulation techniques to enhance customer information and data hygiene problems
- Appraise and discriminate key concepts of campaign management such as a Return on Promotion, Lead Scoring, or the 40/40/20 rule
- Be able to create and select from continuous improvement techniques such as creating an early warning system, Failure Mode & effects Analysis, and Root Cause Analysis to develop ROI driven campaigns
- Become proficient in the use and best practices of marketing automation software
- Be able to formulate a comprehensive marketing automation strategy and executable plan for a company

Technical Requirements

In addition to a confident level of computer and Internet literacy, certain minimum technical requirements must be met to enable a successful learning experience. Please review the important technical requirements <http://www.utdallas.edu/elearning/students/getting-started.html#techreqs> on the Getting Started with eLearning webpage <http://www.utdallas.edu/elearning/students/getting-started.html>.

Course Access and Navigation

The course can be accessed using the UT Dallas NetID account at: <https://elearning.utdallas.edu>. Please see the course access and navigation <http://www.utdallas.edu/elearning/students/getting-started.html#courseaccessandnav> section of the site for more information.

To become familiar with the eLearning tool, please see the Student eLearning Tutorials <http://www.utdallas.edu/elearning/students/eLearningTutorialsStudents.html>.

UT Dallas provides eLearning technical support 24 hours a day/7 days a week. The eLearning Support Center <http://www.utdallas.edu/elearninghelp> services include a toll free telephone number for immediate assistance (1-866-588-3192), email request service, and an online chat service.

Communication

This course utilizes online tools for interaction and communication. Some external communication tools such as regular email and a web conferencing tool may also be used during the semester. For more details, please visit the eLearning Tutorials webpage <http://www.utdallas.edu/elearning/students/eLearningTutorialsStudents.html> for video demonstrations on eLearning tools.

Student emails and discussion board messages will be answered within 3 working days under normal circumstances.

Distance Learning Student Resources

Online students have access to resources including the McDermott Library, Academic Advising, The Office of Student AccessAbility, and many others. Please see the eLearning Current Students page <http://www.utdallas.edu/elearning/students/cstudents.htm> for details.

Server Unavailability or Other Technical Difficulties

The University is committed to providing a reliable learning management system to all users. However, in the event of any unexpected server outage or any unusual technical difficulty which prevents students from completing a time sensitive assessment activity, the instructor will provide an appropriate accommodation based on the situation. Students should immediately report any problems to the instructor and also contact the online eLearning Help Desk <http://www.utdallas.edu/elearninghelp>. The instructor and the eLearning Help Desk will work with the student to resolve any issues at the earliest possible time.

Assignments

There will be one individual homework assignment which must be turned in as a hard copy on due date and at the start of class.

Online Tests/Quizzes

There is a ten-point deduction per day for every late quiz. These quizzes consist of “open book” online self-quizzes done via e-learning during a window before the due date-these quizzes cover certain chapters in the Campaign Management book and lectures -quizzes are not comprehensive but cover a pre-determined number of chapters.

Group Project

Groups can be created either by students at the beginning of the class or by the instructor at his discretion using a student group sign-up sheet. Each group can use the available group tools under its own group area in the course to communicate and collaborate within the group. A web conference system is available for use. Teams can schedule a live web conference for teamwork. Please see the [Web Conferencing page](#) for instructions on making a reservation and other web conference information.

Groups must submit a copy of the presentation to the instructor using Assignment Dropbox for grading in addition to a hard copy at the start of class

PowerPoint approx. 30 pages

Item	Required area	Weight
1	Executive summary & company overview-need list 4 p's and challenges for lead generation (e.g., lack of awareness, etc.)	5%
2	Describe Target markets and provide a Customer journey map and Buyer persona–may require more than 1 if more than one segment, if more than 2 you can do 2 only Create in diagram format with a timetable (show weeks/months) a proposed campaign using touchpoints from item #3 and #4 listed below-will elaborate more-use a reasonable budget for example \$50,000.	20%
3	Create an actual direct mail piece as a pdf–(postcard) show copy of list that would be used-which selects-show the list, price, include a forecasted ROP based on list and other costs. You should NOT buy an actual mailing list, you only need the costs. Use uprinting.com to create your postcard and also determine the printing and mailing costs for the quantity you determine budgets can be between \$10,000 to \$50,000	15%
4.	Using Silverpop in group account to be provided: <ul style="list-style-type: none"> a. Create a sample database with relevant fields for the business –no need to have more than one “dummy” record of a “John Doe” b. Create two contact lists for at least two newsletters or mailing lists you will offer c. Create a complex behavioral query d. Create a progressive form so the prospects can be scored e. Create a landing page with a form-may need to create 2 f. Create an email with split a/b testing and proposed dynamic content-need average 3 emails for different triggers/events g. Create automated program in Silver pop in your shared folder <ul style="list-style-type: none"> i) No need to do in excel , create two automation programs: a nurturing (prospects) and an event, abandoned cart, drip/reminder type email to current customers-detail what would happen at each stage-if an email or push notification and identify which email template and landing page you would send them to ii) Create an autoresponder iii) Scoring-while you cannot set it up in Silverpop do show a behavioral Activity-Recency-Frequency identifying how you would allocate points iv) Make sure that as in Silverpop you show days between actions, decision points, tracks including exit track, what email template you would send or what behavior would trigger it. v) Also make sure you show the postcard, emails and if any telesales would be triggered or used. Everyone must show initial postcard and the email. h) Identify key metrics you would monitor 	55%
5	Oral presentation: flow, engaging, visuals-use a couple of key pages from each section to provide a brief PowerPoint presentation <ul style="list-style-type: none"> a) Executive summary and overview b) Customer journey map c) Direct mail piece, and d) Flow of marketing automation campaigns 	5%
	Formatting: make sure it is easy to read, large font size above 12, do not use a dark background and dark font colors, the safest is white background and black font, any screenshot must be large and legible with comments next to them, do not just take screenshots without commentary. Do a spell check! Make sure you have your group name and page number in the footer of each page. Consider using an appendix so not hugely cluttered. Footnote any	100%

	source used on the same slide it relates to. Insert presentation neatly into a folder, no need for expensive folders. Print one slide per page, do not have 2+ slides per printed page, color optional unless some chart that uses color is included

Confidential: Complete this online via the survey link provided in eLearning

The purpose of this evaluation is to measure the contribution of each member to the group effort. Each member will rate the relative contribution of all members in the group. You should be honest and impartial in your evaluations. The instructor reserves the right to adjust and/or discard evaluations and deductions that are extreme, questionable or based on personality conflicts. If at least 50% of the group agrees to a point deduction for a specific student, that student will be given a chance to respond to the instructor-the best defense is to show quality work submitted to the team and having attending all meetings and requests.

Each student should on their own decide how many points should be deducted from the project grade that the rest of the team will receive (since often you do not know the final grade make an assumption; this deduction can be anywhere from 10 up to 100 points). The minimum point deduction is 10; there is no point in going through this process for a 5-point deduction. If at least 60% of the team states that, the team member contributed nothing and this is verified by myself, that student will get an F on the project. Usually for poor quality or late work 15-30 point deductions are the norm.

The penalty will be the average decided by the group, if for example, one team member says student X deserves a 10 point deduction, another says student X deserves a 20 and the 3rd team member says student X deserves a 30 point deduction, then the deduction will be 20 points from the group grade.

Group assignment submission instructions: Groups will submit their group presentation, thru BOTH a hardcopy turned in before class and via dropbox assignment link (in the required file format with a simple file name and a file extension) by using the Assignment Dropbox tool on the course site. One group member will submit the assignment for the group and all group members will be able to view the results and feedback once it's been graded. Please see the Assignments link on the course menu or see the icon on the designated page. You can click each assignment name link and follow the on-screen instructions to upload and submit your file(s). For additional information on how to submit assignments, view the [Submitting an Assignment video tutorial](#). **Please note:** each assignment link will be deactivated after the assignment due time. After your submission is graded, you may go to My Grades on the course menu and click the score link to check the results and feedback.

You will also be provided on the project due date with a confidential survey link where you will rate the performance of your fellow team members

Assignment submission instructions

Locate the assignment in your eLearning course. You will submit your assignments in the required file format with a simple file name and a file extension. To submit your assignment, click the assignment name link and follow the on-screen instructions to upload and submit your file(s). For additional information on how to submit assignments, view the [Submitting an Assignment video tutorial](#).

Please Note: Each assignment link will be deactivated after the assignment due time. After your submission is graded, you may go to My Grades on the course menu and click the score link to check the results and feedback. For any group assignments, one group member will submit the assignment for the group and all group members will be able to view the results and feedback once it has been graded.

Course Policies

Make-up exams

Makeup Exams

There are NO make-up exams allowed unless you have a dire and serious emergency and in those cases, you must present documented proof such as a physician's note with contact information. It is at the sole discretion of the instructor to determine if the emergency warrants an extension and makeup exam.

Extra Credit

There is no extra credit in this course.

Late Work

Please ensure all assignment submissions are made on time. In fairness to the other students, late submissions will be penalized **10 points per day (exceptions will be noted next to respective assignment if applicable)**.

Special Assignments

A discussion forum will be provided where students must enter up one well-written and detailed discussion entry (comments/observations, etc.) on a designated discussion topic. Please keep in mind that quality and relevancy is the most important grading criteria for the discussion participation.

Class Participation

Students are also required to participate in all class activities such as discussion board, chat or conference sessions and group projects. Class participation is important and will certainly be taken into account in the case of students on the borderline between two grades. Synergy in team dynamics & equitable contribution by members are integral to all successful group projects in business as well as in academics. A peer evaluation by group members will therefore be used.

Virtual Classroom Citizenship

The same guidelines that apply to traditional classes should be observed in the virtual classroom environment. Please use proper netiquette when interacting with class members and the professor.

Policy on Server Unavailability or Other Technical Difficulties

The university is committed to providing a reliable online course system to all users. However, in the event of any unexpected server outage or any unusual technical difficulty, which prevents students from completing a time sensitive assessment activity, the instructor will extend the time windows and provide an appropriate accommodation based on the situation. Students should immediately report any problems to the instructor and also contact the UTD eLearning Help Desk: <http://www.utdallas.edu/elearninghelp>, 1-866-588-3192. The instructor and the UTD eLearning Help Desk will work with the student to resolve any issues at the earliest possible time.

Sharing Confidential Information

Students considering sharing personal information in email, in person, or within assignments or exams should be aware that faculty members and teaching/research assistants are required by UT Dallas policy to report information about sexual misconduct to the UT Dallas Title IX Coordinator. Per university policy, faculty have been informed that they must identify the student to the UT Dallas Title IX Coordinator. Students who wish to have confidential discussions of incidents related to sexual harassment or sexual misconduct should contact the Student Counseling Center (972-883-2527 or after hours 972-UTD-TALK or 972-883-8255), the Women's Center (972-883-8255), a health care provider in the

Student Health Center (972-883-2747), the clergyperson (or other legally recognized religious advisor) of their choice, or an off-campus resource (i.e., rape crisis center, doctor, psychologist). Students who are sexually assaulted harassed, or victims of sexual misconduct, domestic violence, or stalking, are encouraged to directly report these incidents to the UT Dallas Police Department at 972-883-2222 or to the Title IX Coordinator at 972-883-2218. Additional information and resources may be found at <http://www.utdallas.edu/oiec/title-ix/resources>.

Comet Creed

This creed was voted on by the UT Dallas student body in 2014. It is a standard that Comets choose to live by and encourage others to do the same:

“As a Comet, I pledge honesty, integrity, and service in all that I do.”
